Message from the President

The time has come for a new report about FCI activities. It is always a stimulating experience to go through our achievements when writing this yearly outline. Having a retrospective look at the huge work carried out and short-listing the priority tasks for the next term is one of the most rewarding and challenging things one has to

take time to do regularly. This is what I am sharing with you here.

FCI General Assembly – Leipzig, Germany

During the FCI General Assembly on 6-7 November, I was reelected President for a two-year mandate. I was very honoured by the confidence expressed in this vote; be assured that it is always in my mind and in all my efforts.

Our federation welcomed Armenia, Bosnia-Herzegovina, Kyrgyzstan and Viet Nam as associate members. Let us again wish the warmest welcome to the Armenian Dog-Lovers' Association, the Kinološki Savez u Bosni i Hercegovini (KSuBiH), the Union of Cynologists of Kyrgyz Republic and the Vietnam Kennel Association (VKA).

The following canine organisations were admitted as full members of the FCI: Pakistan (Kennel Club of Pakistan), San Marino (Kennel Club San Marino), Turkey (Köpek Irkları ve Kinoloji Federasyonu), Montenegro (Kinoloski Savez Crne Gore) and Bahrain (Bahrain Kennel Club). Congratulations to our new full members!

During the discussions, the point on the General Assembly agenda regarding FCI Statutes and FCI Standing Orders opened such a long discussion that it was suggested to hold an extraordinary General Assembly to deal with it. An Extraordinary GA will then be celebrated in Brussels, on 14-15 August 2018. I hope that this important development in FCI history will reaffirm a strong cohesion, shaping a firm confidence in the future of our federation.

FCI Youth

FCI Youth was active with the creation and development of support documents for all FCI member general organisations and the general public, publishing new *Recommendations for National Junior Handling Competitions*, with the purpose of encouraging a Junior Handling sport which supports values that are more similar to breed ring handling; including more information for both Handlers and Judges regarding the future conduction of Junior Handling Competitions in International FCI Shows held by FCI member National Canine Organisations.

One of the main objectives of the FCI Youth has been to encourage FCI member countries in the foundation of youth

groups and activities, and to support already-existing youth groups in FCI member National Canine Organisations.

Following the publication of the *Guide: How to Create a National Youth Canine Organisation*, the FCI Youth has provided support during the past year to several National Canine Organisations that were interested in initiating youth groups and national youth activities.

During the 2017 General Assembly, the FCI General Committee appointed a new FCI Youth Coordination: Mr Augusto Benedicto Santos. FCI Youth welcomed Blai Llobet from Spain, and Jimmie Wu from China, as the two new group members who are now on board.

The FCI Youth was present with a stand at the World Dog Show in Leipzig, Germany, where FCI Youth reference contents were displayed, and where all of the group members had the opportunity to network, conduct interviews, questionnaires, distribute information, answer questions and present FCI Youth's efforts aimed at the general public.

2017 highlights

I would now like to remind you of a few events which left their mark on 2017.

The **FCI extended to new emerging countries**: Lebanon (Kennel Club of Lebanon), Kuwait (Kuwait Cynological Association) and Algeria (Association Cynologique Algérienne). It is always extremely gratifying to open to new cultures.

The **FCI World Dog Show** was organised in **Leipzig** by our German member VDH, establishing a **historical record**: more than 31,000 dogs, from 330 different breeds - were entered! Never before had there been so many dogs gathered in the framework of a single event! They came from 73 different countries. This unforgettable event attracted 90,000 visitors. In addition of the conformation shows, we could also attend the German Agility Championships, the European Dog Diving Championships, the Dog Dancing World Championships and the Junior Handling World Championships.

Again, congratulations for this amazing success!

In the framework of its meetings, and via virtual exchange too, the FCI General Committee has resolved a huge number of proposals, questions and problems related to the compulsory and non-compulsory commissions, to the FCI members, and to other institutions or partners.

In addition, the FCI General Committee is also working hand in hand with the commissions in order to publish standards, regulations and best-practice documents for our hobby, aiming at a sport practice which is safe, ethical, and respectful of animal welfare and health.

Our work as FCI General Committee members has been, is and will always be to serve all our members and contract partners' interests, in the specific framework of the complexity of an international structure.

Rafael de Santiago
FCI President

Mission Statement

Introduction

In accordance with the celebration of the 100 Anniversary of the Fédération Cynologique Internationale, the General Committee of the FCI reviewed its Mission and Vision Statements and Values to maintain our leadership worldwide.

Mission statement

The FEDERATION CYNOLOGIQUE INTERNATIONALE (FCI) is the supreme authority of the canine culture worldwide. The FCI is responsible for safeguarding canine health and international dog activities to enhance the relations between dogs and humans. Established in 1911 the FCI includes 94 members and contract partners (one member per country). Each member issues their own pedigrees and train highly qualified judges. The FCI makes sure that the pedigrees and judges are mutually recognised by all the FCI members, contract partners and any person involved in their domestic canine scene.

Vision statement

The FCI supports, via its members and contract partners, the well-being of all dogs Worldwide.

Values

- THE FCI cares about all dogs worldwide.
- THE FCI considers the health, temperament and behaviour as the most important matters in dogs and their Breed Standards.
- THE FCI promotes dog activities and dog sports worldwide, which it considers beneficial to the dogs.
- THE FCI entrusts its commissions to make recommendations about other important matters.
- THE FCI divides geographically the world of dogs through its five sections.
- THE FCI trusts its members and contract partners to protect the integrity of their National Registries.
- THE FCI recognises and respects agreements with non-member national organisations.
- THE FCI sets the highest standards for its headquarters.
- THE FCI ensures the regular celebration of World and Section Championship events.

Introduction

Dans le cadre du futur 100e anniversaire de la Fédération Cynologique Internationale, le Comité Général de la FCI a revu la mission, les visions et les valeurs de la FCI afin de maintenir notre position de leader mondial.

Mission

La FEDERATION CYNOLOGIQUE INTERNATIONALE (FCI) est l'autorité cynophile mondiale. Elle est responsable de la préservation de la santé des chiens et des activités canines internationales dont le but est de promouvoir les relations entre le chien et l'homme. La FCI a été fondée en 1911 et compte 94 membres et partenaires sous contrat (un membre par pays). Chaque membre émet ses propres pedigrees et forme des juges de manifestations canines hautement qualifiés. La FCI garantit la reconnaissance des pedigrees et des juges par tous ses membres, partenaires sous contrat, ainsi que par toute personne active sur leur scène canine nationale.

Vision

par l'intermédiaire de ses membres et partenaires sous contrat, la FCI soutient le bien-être de tous les chiens dans le monde entier.

Valeurs

- La FCI se préoccupe du bien-être de tous les chiens dans le monde.
- La FCI considère la santé, le caractère et le comportement comme les points essentiels pour les chiens et leur standard de race.
- La FCI soutient, dans le monde, les activités canines et les disciplines canines sportives qu'elle considère bénéfiques pour les chiens.
- La FCI charge ses commissions d'émettre des recommandations sur d'autres thèmes importants.
- La FCI divise le monde canin en cinq sections géographiques.
- La FCI exprime toute sa confiance dans la capacité de ses membres et partenaires sous contrat à se porter garants de l'intégrité de leurs livres des origines.
- La FCI respecte et reconnaît les accords qui ont été conclus avec des organisations nationales non-membres.
- La FCI établit des normes de la plus haute qualité pour son siège social.
- La FCI veille à l'organisation régulière de championnats du monde et de section.

Introducción

en el marco del 100º aniversario de la Fédération Cynologique Internationale, el Comité General de la FCI ha revisado y modificado su Declaración de Misión y su Declaración de Visión, así como los Valores de la FCI, a fin de mantener nuestra posición de liderazgo mundial.

Declaración de misión

la FEDERATION CYNOLOGIQUE INTERNATIONALE (FCI) es la autoridad máxima a nivel mundial para la cinofilia. La FCI es responsable del aseguramiento de la salud de los perros y de las actividades caninas internacionales para fomentar las relaciones entre los perros y las personas. La FCI fue fundada en 1911 y tiene 94 miembros y países contratantes (un miembro por cada país). Cada miembro expide sus propios pedigrees y forma a jueces altamente cualificados. La FCI se asegura de que todos los miembros, países contratantes y personas que en cada país se dedican al mundo del perro reconozcan y acepten los pedigrees y los jueces en el seno de la FCI.

Declaración de visión

con ayuda de sus miembros y países contratantes, la FCI ampara y fomenta el bienestar de todos los perros del mundo.

Valores

- A LA FCI le importa y preocupa mucho el bienestar de todos los perros del mundo.
- LA FCI considera que la salud, el carácter y el comportamiento de los perros son las cuestiones más importantes en lo que se refiere a los perros y a su estándar de cría.
- LA FCI fomenta a nivel mundial aquellas actividades caninas y disciplinas de deporte canino que considera beneficiosas para los perros.
- LA FCI encarga a sus Comisiones ofrecer recomendaciones para otros temas importantes.
- LA FCI clasifica el mundo del perro en cinco sectores, conforme a sus cinco secciones.
- LA FCI confía en que sus miembros y países contratantes mantengan la homogeneidad e integridad de sus registros nacionales.
- LA FCI respeta y acepta los acuerdos tomados con organizaciones nacionales de países que no son miembros.
- LA FCI es extremadamente exigente con su sede central.
- LA FCI se encarga de las celebraciones periódicas de los Campeonatos Mundiales y de Sección

Einleitung

Im Rahmen des 100-jährigen Jubiläums der Fédération Cynologique Internationale hat der FCI-Vorstand das Mission-Statement und das Vision-Statement sowie die „Werte“ der FCI überarbeitet, um die weltweite Führungsposition in der Kynologie zu erhalten.

Mission-statement

die FEDERATION CYNOLOGIQUE INTERNATIONALE (FCI) ist die oberste Autorität für Hundekultur weltweit. Die FCI ist für die Sicherstellung der Gesundheit von Hunden und für internationale Hundeaktivitäten zur Förderung der Beziehungen zwischen Hunden und Menschen verantwortlich.

Die FCI wurde 1911 gegründet und hat 94 Mitglieder und Vertragspartner (ein Mitglied pro Land). Jedes Mitglied erstellt seine eigenen Ahnentafeln und bildet hochqualifizierte Richter aus. Die FCI stellt sicher, dass die Ahnentafeln und Richter innerhalb der FCI von allen Mitgliedern, Vertragspartnern und allen in der Hundeszene tätigen Personen anerkannt werden.

Vision-statement

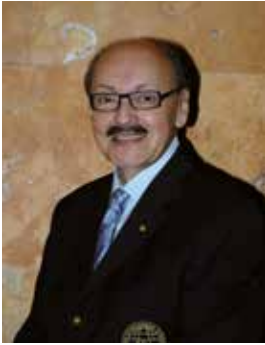

die FCI unterstützt durch ihrer Mitglieder und Vertragspartner das Wohlergehen aller Hunde weltweit.

“Werte”

- DER FCI liegt das Wohlergehen aller Hunde weltweit am Herzen.
- DIE FCI erachtet die Gesundheit, das Wesen und das Verhalten als wichtigste Merkmale für Hunde und für deren Rassestandards.
- DIE FCI fördert weltweit Hundeaktivitäten und Hundesportarten, die sie für die Hunde als vorteilhaft erachtet.
- DIE FCI beauftragt ihre Kommissionen damit, Empfehlungen zu anderen wichtigen Themen abzugeben.
- DIE FCI unterteilt die Welt der Hunde in fünf Bereiche, entsprechend ihren fünf geographischen Sektionen.
- DIE FCI vertraut auf die Wahrheit und Vollständigkeit der nationalen Register ihrer Mitglieder und Vertragspartner.
- DIE FCI anerkennt und respektiert Vereinbarungen, die mit nationalen Nicht-Mitglieder-Organisationen abgeschlossen wurden.
- DIE FCI setzt für ihren Hauptsitz in jeglicher Hinsicht höchste Ansprüche.
- DIE FCI sorgt für das regelmäßige Abhalten von Weltund Sektionsmeisterschaften.

FCI General Committee

FCI EXECUTIVE COMMITTEE

Rafael de Santiago (Puerto Rico): President

Elected member for the first time in 1999 at the General Assembly held in Mexico (MX). Elected FCI President for the first time at the General Assembly in Budapest (HU) in 2013.

Current positions: President of the FCI and President of the Federación Canófila de Puerto Rico (Kennel Club of Puerto Rico).

Carla Molinari (Portugal): Vice-President

Elected member for the first time in 1987 at the General Assembly held in Tel Aviv (IL). Member from 1987 until 1999. Member of the Executive Committee from 1995 until 1999 as Treasurer. Elected member in 2013 at the General Assembly held in Budapest (HU). FCI Treasurer from May 2013 until November 2017. Elected as Vice-President of the FCI in Leipzig (November 2017)

Current positions: FCI Vice-President and President of the Clube Português de Canicultura (Portuguese Kennel Club) since 1985.

Tamas Jakkel (Hungary) : Treasurer

Elected member in 2009 at the General Assembly held in Bratislava (SK). Elected as FCI Treasurer in Leipzig (November 2017).

Current position: FCI Treasurer.

MEMBERS

Miguel-Ángel Martínez (Argentina)

Elected in 1995 by the General Assembly of The Americas and the Caribbean Section held in Brussels (BE). President of The Americas and the Caribbean Section from 1995 until 2015. Elected member in 2015 at the General Assembly held in Milan (IT)

Current positions: Member of the FCI General Committee and Vice President of the Federación Cinológica Argentina (Argentinian Kennel Club)

Kari Järvinen (Finland)

Elected member for the first time in 1995 at the General Assembly held in Brussels (BE).

Current position: Member of the FCI General Committee.

Gerard Jipping (The Netherlands)

Elected member for the first time in 2011 at the General Assembly held in Paris (FR). President of the Raad van Beheer (Dutch Kennel Club) from June 2004 until December 2016. FCI Vice-President from May 2013 until November 2017.

Current position: Member of the FCI General Committee

REPRESENTATIVES OF THE FCI SECTIONS

Jorgen Hindse (Denmark)

Sitting member in the FCI General Committee: elected in 1991 by the General Assembly of the European Section in Zurich (CH).

Current positions: Member of the FCI General Committee, President of the Dansk Kennel Klub (Danish Kennel Club) and President of the European Section.

Jose Luis Payró (Mexico)

Member of the FCI Standards Commission from 1998 until 2015. Sitting member in the FCI General Committee; Elected in 2015 by the General Assembly of The Americas and the Caribbean Section held in Milan (IT).

Current positions: Member of the FCI General Committee, President of the Federación Canófila Mexicana (Mexican Kennel Club) since 2005 and President of the FCI Americas and the Caribbean Section.

Augusto Benedicto Santos III (Philippines)

Member of the FCI Asia & Pacific Section General Committee since its establishment in 2006. Sitting member in the FCI General Committee: elected in 2013 by the General Assembly of the FCI Asia and Pacific Section in Ooty (IN).

Current positions: Member of the FCI General Committee. President of the Philippine Canine Club (Kennel Club of the Philippines) since 2005 and President of the FCI Asia and Pacific Section.

FCI EXECUTIVE DIRECTOR

Yves De Clercq (Belgium)

Appointed Secretary General in 1997 by the General Committee in Buenos Aires (AR).

Current position: Executive Director of the FCI.

Executive Director's report

Dear Readers,
Dear FCI Members and Contract Partners,
2017 is definitely behind us and once again, it was a busy, nice and interesting year.

Unfortunately, I would like to open this brief report by paying tribute to some personalities who passed away in 2017. They may have been friends, acquaintances or colleagues, but all of them were highly appreciated for their competence and kindness. The Dog World is missing them: Mr Ch. Eymar-Dauphin (France), President of the Société Centrale Canine, well-known and much appreciated judge; he attended most of the last FCI General Assemblies, Mrs Ingeborg Kincaid (Panama), FCI judge, long-standing President of the Club Canino de Panamá who also was a regular attendee of so many FCI General Assemblies, Mr Ole Staunskjaer (Denmark), FCI judge, Vice-President of Dansk Kennel Klub for many years and another regular delegate at the FCI General Assemblies, Mr C. Fernández-Renau (Spain), famous judge and breeder from the Real Sociedad Canina de España, Mrs Rita Trainin (Israel), judge from the Israel Kennel Club and finally, Mr Steve Gladstone (USA), member of the AKC Board and AKC judge, who left us last June. There may be more for which we were not notified and I apologise if I fail to mention them! May they all rest in peace!

Mr Ch. Eymar-Dauphin

Mrs Ingeborg Kincaid

Mr Ole Staunskjaer

Mr C. Fernández-Renau

Mrs Rita Trainin

Mr Steve Gladstone

Globally, 2017 was a good year for the FCI if we take a look at the international activity of our members and contract partners.

With a total of 1,243 international CACIB shows (vs 1,206 in 2016), the number of those events keeps increasing. However, paradoxically, the total number of dogs entered slightly decreased from 1,030,336 dogs in 2016 to 1,016,612 for 2017 (although the figures for 2017 may be not yet totally complete), which shows that global participation at international dog shows has diminished in 2017, even though the World Dog Show (Leipzig) set a new World Record in terms of entry with a total of 24,682 dogs. A country-specific (or even show-specific) study of the figures would be of high interest.

The FCI Office confirmed more titles of Int.Ch than ever: 10,628 (beauty and working) vs 9,722 for the year 2016!

Our members organised a total of 2,162 trials (all disciplines together), slightly lower than in 2016 (2,426 trials). The disciplines are the following: utility, tracking, obedience, agility, field-trials and hunting tests, racing, coursing and herding tests.

Finally, to end up with statistics, the FCI accepted and registered 22,580 kennel names applications, which makes it the 3rd best result since 2010.

We are proud of our official title, granted to us by the City Council of Thuin: "Thuin, World Capital of Dogs" and we do our utmost to keep strengthening our roots in our local area by organising different dog-related-activities: a canine walk and a cynothon (walking or jogging with one's dog on two distances, 5 or 10 km), both with an increasing number of participants from one year to another.

© FCI

© FCI

© FCI

© FCI

In addition, the FCI headquarters have started a new "visiting dogs" campaign in two local institutions hosting people with light mental disorders. The interest raised is great and we are happy to be able to show how dog can be useful to society.

© FCI

© FCI

In June 2017, we were glad to host a meeting of the FCI Executive Committee at the FCI Office.

Following talks with Four Paws at the FCI Office in 2016 and in order to reaffirm our fight and strong position against any dog cruelty, we also launched a campaign entitled *Dogs are not consumer goods*, with pins and stickers being distributed on the FCI stand. The campaign was republished by several FCI partners (NCOs, breed clubs,...). In addition, recommendations to veterinarians in the framework of their duties dur-

ing dog shows were considered and hopefully, clear proposals will be tabled in the next months.

© FCI

© FCI

© FCI

Another public campaign was conducted, focusing on all the advantages which a pedigree dog can bring us. This campaign, as well as a blog against dog cruelty, lasted from June to April 2018.

We are happy to inform our members that the FCI headquarters renewed their agreement with Brussels Airlines and the Lufthansa Group: a discount is granted on a huge number of flights for those who take part in canine events. Please do not hesitate to consult our website <http://www.fci.be/en/2018-Official-Carrier-Programmes-2390.html>

Our website keeps developing and in 2017, we have offered a brand new online tool allowing all FCI members and contract partners to apply for international trials. We have worked on the new FCI Judges Directory which will be launched in 2018. All the important decisions, and communications have been put online on the FCI website at the following links, either in the "public section" (Nota Bene) or the "LOG IN section" (News): <http://www.fci.be/en/> and <http://www.fci.be/en/nco/>

A final word to our faithful and professional staff: end of 2016, a new person joined our staff and was followed by another one in March 2017, following Mr Corliano's wish to take a new path in his professional career. I would like all of you to welcome Ms W. Lagniaux (lagniaux.w@fci.be) who took over Mr Corliano's task and Ms P. Mocellin (mocellin.p@fci.be) who joined the team in charge of processing the show results (4 in total).

My warmest thanks to the FCI General Committee members, the FCI members and all the presidents of the FCI commissions for their good cooperation.

Best regards,

Y. De Clercq
FCI Executive Director

FCI SCIENTIFIC COMMISSION – ACTIVITY REPORT

President: Dr Kirsi Sainio

Members: Prof. Åke Hedhammar (until 2017), Dr Andreas Villalobos, Dr Margarita Durán, Dr Gregoire Leroy
New member starting in 2018: Dr Kucerova-Chrpova

The FCI Scientific Commission did not held its annual meeting during 2016 and thus the meeting held in Paris, April 2017, was the first one in two years. During our stay in Paris, we also had a traditional joint meeting with the FCI Standards Commission. Also, the 3rd Dog Health Workshop organised by the Société Centrale Canine (France) and International Partnership For Dogs (IPFD) was held at the same time, and all our members participated in this meeting, except for Dr Durán.

The Commission had several breeds recognised on a definitive basis in its list of issues. The definitive recognition of the provisionally recognised breeds (as decided by the FCI General Assembly, 2017):

Cimarron Uruguayo (FCI Standard Nr 353): The Scientific Commission recommended the definitive recognition of the Cimarron Uruguayo. The only recommendation would be getting some data of the ED in the future. The report provided to the Commission was excellent.

Polish Hunting Dog, Goczy Polski (FCI Standard Nr 354): Information on population size and behaviour (working trials) was very satisfying, but the Scientific Commission was concerned about the amount of eye diseases (especially retinopathies) in the breed, and also the lack of data on the HD screenings that should be provided in the future.

Russian Toy, smooth- and longhaired varieties, Russkiy Toy (FCI Standard Nr 352): the Scientific Commission expresses its great concern about the lack of proper health information of this breed. More precise data of the patella luxation and the hereditary eye diseases were missing, with statistics of the total number of dogs examined. The Commission was nevertheless, with the minimum amount of information, able to recommend the definitive recognition of the Russian Toy breeds, but attention must be paid to these health concerns.

Tornjak (FCI Standard Nr 355): The Scientific Commission was impressed by the data supplied in a comprehensive and appealing format. Based on the data the Scientific Commission recommended the definitive recognition of the breed Tornjak without hesitation.

The Commission recommended the provisional recognition of the following breeds:

Segugio Maremmano (from the ENCI, Italy).

New members of the Commission

The long-time Commission member, Prof. Åke Hedhammar (SW) was not a nominee for a new term in the Commission, and thus his membership in the Commission came to the end. On behalf of the Scientific Commission – and I believe I can speak in the name of the whole FCI – I want to express my heartfelt appreciation and gratitude for all the work that he has done over the decades for the Commission and FCI. In the elections held, our present members, Dr Margarita Durán (UY) and Dr Andreas Villalobos (MX) were re-elected. Our new member is Dr Kucerova-Chrpova from the Check Republic (CMCK). I am sure she has been a great choice and addition to our Commission.

The President of the Commission, Dr Kirsi Sainio, has been busy answering several questions and inquiries coming from the member kennel organisations, but also from individuals that have been concerned of a certain health or genetic issue in dogs.

The work of the Commission still faces challenges, but nothing that we could not deal with. The Commission still continues its work in the name of the healthy and happy dogs.

Kirsi Sainio
President of the FCI Scientific Commission

FCI STANDARDS COMMISSION – ACTIVITY REPORT

The FCI Standards Commission meeting took place in Paris (France) on Thursday, April 7th, 2017.

Participants:

Mr Jorge Nallem, President of the Commission

Mr Rui Oliveira

Dr Ferdinando Asnaghi

Prof. Claude Guintard

Mr Petru Muntean

Due to personal circumstances, Mr Hans Wiblishauser did not attend.

Secretary of the meeting: C. Guintard

We want to thank the team from the Société Centrale Canine for the excellent preparation of the meeting and the welcome to all members, taking care of reservation of hotel rooms and preparing all the useful equipment for our meeting.

The Standards Commission's main work continues being to revise and adapt new and existing standards. The focus on dog health continues to cause countries to review the text in standards extra carefully to avoid wordings that may result in interpretations that can lead to exaggerations that might cause health risks for dogs.

The Commission continuously amends or thoroughly revises standards and the cooperation with the member countries is usually efficient. Still, the procedure has to go through several steps before a standard can be published, and rightly so as these documents are the backbone in the work of the FCI and its member countries.

Viewing of the text in standards from a health and welfare perspective is intensified. This is not always to the liking of the countries of origin but, in the interest of keeping the breeds for the future, we all have to realise that exaggerations in type as well as character issues in guard dogs might not only jeopardise the health of the dogs, it may also increase the risk to have breeds banned by law.

We tried to mark a working method within the commission; how to manage the standards since they arrive at the office until they are seen and discussed by the commission and send back to the General Committee.

Breeds for final recognition

Bosnian and Herzegovinian – Croatian Shepherd Dog (355)
Cimarrón Uruguayo (353)
Polish Hunting Dog (354)
Russian Toy (352)

We revised all the material sent by the countries of origin of these breeds and recommended the acceptance of their final recognition.

Standards updated

- a) South Russian Shepherd Dog (326)
- b) Hamiltonstövare (132)
- c) Schillerstövare (131)
- d) Smalandsstövare (129)
- e) Irish Glen of Imaal Terrier (302)
- f) Irish Red and White Setter (330)
- g) Irish Red Setter (120)
- h) Irish Terrier (139)
- i) Irish Water Spaniel (124)
- j) Irish Wolfhound (160)
- k) Irish Soft Coated Wheaten Terrier (40)
- l) Kerry Blue Terrier (3)

Irish Standards should be revised and adapted to our model standard.

We sent them back to Ireland with all our recommendations but still have not finished with them.

The rest of updated standards is finished.

Revised standards which were received from the national canine organisation

Bavarian Mountain Scent Hound (217)

KC standard changes

February announcement on The Kennel Club's changes in breeds and breed standards.

We will follow the changes made on UK breed standards.

We suggested to reduce the time from 25 years to 15 years of registrations in the country of origin of a breed as a request for provisional recognition.

The next meeting will take place in Sibiu (Romania), on April 14th, 2018.

I would like to thank my colleagues for the friendship and good work in the Commission; I also want to thank the Scientific Commission, as well as the staff at the FCI General Secretariat in Thuin for the excellent collaboration, and the General Committee for their support.

Jorge Nallem

President of the FCI Standards Commission

FCI AGILITY COMMISSION – ACTIVITY REPORT

World Agility Championship in Liberec, Czech Republic

© Guido Kuester

General overview

One championship had been organised in Liberec in 2012. The same venue and a lot of familiar faces amongst the volunteers. Five years ago, the event was superbly organised as it was this time. It was really well prepared and it certainly showed. The organising committee and the volunteers deserve to be congratulated for a well-done job.

The VIP lounge was lovely and very comfortable. The lunches that were served were kept simple, but were very nice – food and drinks were actually available for most of the day.

The venue

The venue was fantastic. The seats were comfortable, the supporters were in good form and the atmosphere was excellent.

The carpet seemed to suit most dogs, no complaints there. The different countries could keep their dogs and crates in separate rooms. They were built in a separate area, away from the ring, where it was fairly quiet – except when all the dogs started barking at the same time.

A big number of trade stands filled the outer ring of the hall, making it easy for the Agility people and visitors to spend their money.

The security was, though not always perfect, effective and very friendly.

Information

The website of the championship, as well as the Facebook page, looked very nice and provided lots of information. The team leaders were kept well informed about every little thing – I never saw so many emails dropping in about the championship than this year.

The meeting with the team captains went smooth and quick. As usual the first day had its usual teething problems, but once off the mark handing out the information to the teams went fairly well – each country had its own box in which information/results were posted. The same information was provided for the VIP lounge and Press office. In the hall, near the information desk, the same information was placed on a big board (visitors), but it was also posted on the internet, so everybody with a tablet or iPhone could get the information on Facebook, which was very handy.

Huge screens above the ring, facing the four directions, showed all the information the spectators needed – information about the dog that was running and the provisional top three.

The commentators must be mentioned here as well – they did a fine job.

Miscellaneous**Cooperation with the organisers**

Contact with the organisers before the event was mostly done through e-mail.

A lot of effort was put into this and a lot of volunteers made all the hard work look easy.

As usual, all contact with the people involved with the organisation was superb and extremely friendly. Many, many thanks for this.

Judges meeting

The judges meeting was held on Wednesday afternoon. All the courses were reviewed – a few judging issues were discussed, but both judges seemed up to the task ahead. Rapport with the judges during the championships was very nice.

Measuring judges

The three measuring judges started measuring dogs on Wednesday, late afternoon (10 countries). The dogs from all the other countries were measured on Thursday morning. One or two dogs were very close to the height limit, but no dogs were measured out. Fifty-three dogs were measured. Chip numbers were also checked and every measured dog was added to the list of measured dogs.

Gala dinner

This was very nice. A live band made sure that the people attending this gala were properly entertained while they ate and drank the food provided. All in all, it was a pleasant evening.

Test dogs

On each course a test dog was used. For the first time, the test dog ran the course before the competitors walked the course. A big thank you to these handlers, having to go first in a round is not always easy.

Results

The system using several computers (backup) worked well. The team leaders could pick up the results in their box fairly quickly after every class. Each country could also pick up the course plans as soon as the next course was being set up. All the results were also available on the internet – most of it in real time. After each class, a small prize-giving ceremony was held for that class. This has now become a normal procedure and it went very smoothly.

Scoreboard

The four screens showed information to every corner of the arena. The top of the screen showed the information about the dog in the ring. The screen also showed the provisional top three – this ranking was updated after each run. If the dog that just finished was not in the top-three places, the bottom of the screen showed where it was ranked / placed.

Ring party

The people helping in the ring were all very good, there were lots of them and they all did a great job. Bringing dogs into and taking them out of the ring went very well. The handlers were escorted to the start and the chip control by a member of the ring party, after they finished their run.

Start and finish procedure

The next two/three handlers and dogs waited in the collecting ring near the start. The collecting ring was nicely fenced

off into two areas where the next starters waited and a third area was set up for the chip control after the dogs completed their run.

A steward blocked the first hurdle until the judges start signal, thus avoiding false starts.

Veterinary/Medical Aid

The veterinary control ran nice and smooth. Only a couple of minor problems were reported. One dog from Denmark (116) had to be replaced by the reserve dog (115) when it was injured on Thursday, just before the competition got under way.

Compliance

Unfortunately, one dog from Brazil was eliminated from the competition because it was not registered with the Brazilian canine organisation.

The Danish team leader complained that one of the Russian handlers in Large walked the course twice. After talking to the Russian team leaders it was decided to give them a stern warning because:

- there was no one actually checking whether all countries respected this guideline;
- they were not trying to deny this, but were very surprised that this was a problem – they thought if only one team leader was in the ring it would be alright;
- the handler was acting on the advice of the team management;

It is highly recommended that guidelines about this are added either to the information provided to the future organisers or to the Specifications for the World Championships.

Spectators

The hall was superb. Lots of options for food and drinks. The atmosphere was very friendly and fair. It was a real shame that so many seats stayed empty.

Opening/Closing ceremony

As usual the teams walked into the ring preceded by name board and flag. There were a few words from Mr Tibor Batthyany – the Mayor of the City of Liberec, Senator Mr Michael Canov, Mr Martin Puta – Governor of the Liberec Region, Mr Lubomir Siroky – President of the Czech-Moravian Cynolog Union, Mrs Helena Sabatova – Vice-President of the Czech Cynological Union, the President of Organising Committee Michaela Bakrlíkova and Mrs Christa Bremer – President of the FCI Agility Commission, who then opened the Championship.

A group of cheerleaders showed us some new dance moves that were going to be used during breaks in the competition. After this, the FCI flag was raised and the proceedings got underway.

This year a slight change at the end of the championship – the prize giving (for which all the teams were marched into

the ring) preceded the actual closing ceremony. After that the dignitaries and the delegates were invited into the ring for the closing ceremony. Speeches by the President of the organising committee and the President of the FCI Agility Commission who closed the championships. The FCI flag was lowered and handed over to representatives from Sweden who will be hosting next year's event.

With a short presentation of next year's event in Sweden and a few words from the President of the Swedish organising committee, this year's championship came to an end.

Overall these championships were well planned and executed. The atmosphere during the event was terrific - this was in no small part down to the organisers and their whole team. Well done Czech Republic!!

The champions

42 countries took part (514 dogs were entered, including reserve dogs).

Teams: 37 in Large, 31 in Medium, 33 in Small.

322 dogs competed in the individual events - 145 in Large - 80 in Medium and 97 in Small.

Things that need surveillance

Some countries are usually called on to have their Medium and Small dogs measured on Wednesday.

Mostly these are countries that have travelled quite a way, for example Japan, USA etc.

This year the first countries on the list were called up.

I think organisers should stick to the idea of having countries that have travelled a long way - they arrive quite early and should have no problem of presenting their dogs for vet control and measuring. If a few more countries are required then the organisers should call on their neighbouring countries. They do not need to travel far - handlers from countries further away may have to take an extra day off work to arrive on time.

Regulations to have more control over who is in the ring during course walking should be a high priority.

No system is perfect, but now there is little or no control.

Wilfried Claes

Vice-president of the FCI Agility Commission

FCI BREEDING COMMISSION - ACTIVITY REPORT

The annual meeting of the Breeding Commission was arranged in Sochi, May 27th, with excellent hospitality from the Russian canine organisation.

Representatives from the following member countries attended: Kari Järvinen (Finland, FCI Board Member), Johanna Kuru (Finland), Janne Orro (Estonia), Ruth O'Connor (France), Maria Ceccarelli (Italy), Astrid Indreboe (Norway), Luis Gorjão-Henriques (Portugal), Annica Uppström (Sweden), Elisabeth Manner (Austria), Helle Friis Proschowsky (Denmark), Kataryna Fiszdon (Poland), Maja Korošek (Slovenia), František Nahodil (Czech Republic), Larisa Galiaskarova (Russia).

The following guests also attended:

Mr Alexander Inshakov, Mrs Natalia Sedykh, Mrs Etel Nilova, Mrs Elena Komarnitskaya, Mr Svyatoslav Pisarenko, Mrs Elizaveta Sham, Mr Dmitriy Ilin, Mrs Maria Babkovskay, all from Russia.

The Secretary for the Commission was Dr Janne Orro.

The following issues were discussed:

Proposal from the FCI Breeding Commission (BC) to the FCI General Committee, 2014: to add to FCI Breeding rules Type of coat, colour and size in the three-generation pedigree, including export pedigrees.

Although the Delegates understand that this can be more difficult for small NCOs, the general feeling is that FCI should start implementing this, and the Circular reminding that the Standing Orders are amended should be sent.

GA decision 2015: Standing Orders, Art 8.5:Each dog of a litter has to be provided with only one pedigree and

only one export pedigree, which must include the name of the owner of the dog; if the owner's name is not written on the pedigree, a separate owner's certificate must be issued by the national kennel organisation.

This should also be enforced and we feel that FCI should send a circular about this to all members. We feel that there is need for a circular, as some countries are not following this rule. We don't ask for a new rule, but a reminder to follow the already existing rule. The Breeding Commission proposal is to send a reminder to NCOs about already-existing circular.

FCI should take actions against the new EU law that does not allow each country to decide that puppies less than 3 months can be imported from just some EU countries (free of rabies); the new law says that if a country allows import from some EU countries, they have to allow import from all EU countries.

There are no further proposals from the Breeding Commission as FCI European Section is taking care of this subject.

Guidelines regarding criteria for limited registration.

The BC will resend our suggestions to have guidelines for NCOs on FCI website. We don't ask for any additional rules.

White Swiss Shepherd Dogs

WSSD cannot be mated with white GSD. WSSD cannot be entered in studbooks if there is white GSD in their ancestry within 3 generations.

It was noted that a lot of countries do not follow the FCI circulars of 2007 and 2013. Genetic diversity is needed. The Breeding Commission has decided that the Dutch NCO that brought the issue on discussion and the Swiss NCO will have a meeting with the other concerned NCOs before October.

The General Committee will wait for the outcome of the meeting.

Several emails were exchanged between Mr Gorjão-Henriques and Mr Wauben regarding this subject, but still we had no news about any evolution on this subject. Also the Swiss NCO was never contacted in order to organise a meeting or participate in a meeting on this issue.

There is no feedback from interested parties.

The BC discussed this issue and felt that there is need for help from FCI to organise the meeting, as rules are still not followed. There is also a proposal to have a joint meeting between members of the BC and the Scientific Commission in order to formulate a clear proposal.

Breeding for function presentations and discussions on that subject

The Brachycephalic syndrome / BOAS

The FCI Breeding Commission would like the following sentence to be added to all standards of all breeds: "The length of the muzzle in relation to the skull should be at least 1:2 (measured respectively from the tip of nose to the inner corner of the eye to occiput)"...

The General Committee believes that the above proposal does not apply to all breeds and that it is against the rights of the countries of origin. This matter needs to be discussed within the Standards and Scientific Commissions, so the subject will be forwarded to them.

There is no additional proposal from the Breeding Commission, and we will wait for the results of the Scientific Commission meetings about this.

FCI should send a reminder to its members that they have to follow the FCI Breeding Rules and Standing Orders. Pedigrees issued by unrecognised organisations should not be accepted as FCI official pedigrees. In addition, dogs born in a country A have to be registered in country A and not a country B.

This was approved by the General Committee and we hope that finally all NCOs decide to follow it.

Nomenclature of coat colours

There is a need for a standardised nomenclature of coat colours as it is now required to write the coat colours on the pedigrees. The NCOs are using different descriptions. Problem arises from traditionally used colour names in breed standards as genetically identical colours are named differently in different breeds. The FCI Breeding Commission asked the General Committee to turn to the FCI Scientific Commission to make a table with code for colours (for pedigrees and export pedigrees).

The idea was found interesting and appreciated. The matter was forwarded by the General Committee to the FCI Scientific Commission. The General Committee draws the attention to the curious division of the colours in Pug in some countries (the correct distribution for CACIB should be Black and Fawn, only).

No further proposal. The Breeding Commission is available for any questions about this subject that can be raised by the Scientific Commission.

HD screening results seem to be worse in Scandinavia: are requirements harder?

FCI should organise a Conference between all official X-ray readers in order to have the same criteria, which do not change from one country to the other or from one official reader to the next one. The last similar conference was held many years ago in Copenhagen and many new vets are now involved in the dog world. It would be good to give them the opportunity to be updated.

The matter was referred to the FCI Scientific Commission and was on the agenda of the meeting.

The FCI Breeding Commission is waiting for the FCI Scientific Commission's opinion and there is no further proposal at the moment.

Should we register the litter that is born abroad in FCI country in the country where the breeder name is conformed by an other FCI country?

In an open Europe there are breeders registered in one country and living currently in another country. FCI Breeding Rules paragraph 18 states the demand that litter has to be registered in the country where puppies are born and raised. There is probably need for clear statement for situations where breeder wants to have litter born and raised in different country.

The Breeding Commission proposes that if breeder wants his bitch to have litter born and raised outside breeder's country of legal residence, there has to be special permission asked from breeder's NCO beforehand.

The world is getting more and more global, how shall/ should handle the situation where two breeders owning a kennel name live in two different countries?

The Finnish NCO has had inquiries about how can 2 persons living in 2 different countries have a kennel name together. FCI Standing Order Article 9 regulates it. It prohibits having the same kennel name in 2 different countries. If NCO approves, litter can be born in different country and there has to be permission from NCO.

Discussion: if 2 different people in 2 different countries have kennel name together, 1 person has to be responsible for the litter.

There is no proposal, as this question is already covered by Standing Order.

Recognition of a ridgeless variant of ridgeback breeds (Rhodesian and Thai)?

Equal recognition in the breed standard of individuals which are genetically impossible to avoid in order to breed what is accepted in the breed standard has been an issue in our commission since 2012. In 2013 we sent a list to the FCI General Committee, on their request, of the breeds in question. The breed standard of Great Dane and Peruvian Hairless has been changed, although they are still not equally recognised in the breed standard (merle Grand Danois, the hairy variant of Peruvian and Mexican Hairless).

Nothing has happened with the Rhodesian Ridgeback or Thai Ridgeback. In June 2016, the Rhodesian Ridgeback World Congress was arranged in Lund, Sweden. Both Kirsi Sainio

(President of FCI Scientific Commission) and Astrid Indrebø (President of FCI Breeding Commission until 29.05.2016) were invited to speak at the congress. One of the issues that were discussed was equal recognition of the Rhodesian Ridgeless dogs. There was a lot of positivity in the audience for our proposal to recognise the Rhodesian Ridgeless as a variety of Rhodesian Ridgeback; the two variants could be crossed, but would not have to compete with each other in the show ring.

It is possible to breed ridgebacks without breeding ridgeless dogs, if at least one of the parents is homozygot for the ridge allele. But the result will be a high risk of dermoid sinus, which might be fatal for the dog:

Hilbertz et al (2007): 10 out of 12 dogs with dermoid sinus was homozygote for the ridge allele (83%).

Hilbertz (2005): No reports of dermoid sinus in ridgeless dogs of this breed.

If the ridgeless dogs were recognised as a variety of the Rhodesian dog (or Thai dogs), the two varieties could be crossed: A dog homozygote for the ridge gene can be mated with a ridgeless dog,

- which to a great extent will reduce the risk of dermoid sinus
- two heterozygote dogs will produce 25% ridgeless dogs – and 25% homozygote dogs
- a heterozygote dog mated to a ridgeless dog will produce about 50% ridgeless dogs

They will be registered either as ridgebacks or ridgeless dogs – depending on the ridge. They do not have to compete with each other in the show ring; they can be judged as varieties of the same breed.

This issue has been discussed in Scientific Commission and Breeding Commission many times. Should the Breeding Commission send a proposal? There could be legal problems, for example in Germany, if the government realises ridgeless dogs are not registered. There has been a World Congress of Rhodesian Ridgeback breeders and the audience of this congress was very positive towards recognition of ridgeless variety. The position of the South African NCO is not known. There is need for data, how many ridgeless puppies are actually born. The healthiest variety of this breed is not recognised and some of these puppies are not registered so we really don't know the proportion of ridgeless puppies. Ridgeless puppies are often killed or neglected, recognition of ridgeless variety is therefore also an animal welfare issue. The BC had a consensus that ridgeless dogs are needed. The BC recommends that ridgeless Rhodesian Ridgebacks and Thai Ridgebacks could be recognised as a breed variety. Ridgeless dogs of Thai Ridgeback and Rhodesian Ridgeback should be recognised as a breed variety, this would reduce incidence of dermoid sinus in these dogs dramatically. Ridgeback breeds need these dogs.

This matter has to be discussed with the Scientific Commission. The Breeding Commission asks the General Committee to urge the Scientific Commission to speak about it with South Africa and Thailand.

Update from the countries concerning FCI general and breed-specific guidelines about crosses between breeds and breed varieties – approved by General Assembly 2015?

There is a request to other members of the Breeding Commission to give a short overview of the current situation directly to the BC Secretary in order to give overview during next meeting.

Joint meetings between the Breeding Commission, the Judges Commission and the Show Commission?

Last year's proposal from Mr Wauben, former delegate from The Netherlands on the Breeding Commission and President of the Judges Commission, to organise the meeting of all three commissions together in 2017, was postponed for a better occasion, when it can be properly planned.

The Breeding Commission still feels joint meeting would be useful and an attempt will be made to arrange it.

Breeding for longevity?

The subject has been postponed until next meeting, as the nominated delegate to make a presentation on the subject has changed. Ruth O'Connor, Helle Friis Proschowsky and Maria Ceccarelli volunteered to work together for a presentation on next year's meeting.

Artificial Insemination (ownership of paillettes and authorised storage)

Ownership of paillettes when dog has been sold to another owner.

There are different opinions amongst the delegates. For some, paillettes are part of the dog so these also have to move to the new owner. Also, for some other, storage of the semen is costly and all parties involved have to have a written agreement. If there is agreement from the time semen was stored, then there is also owner of the semen. There has to be a written contract from the time semen was collected and stored, and owner of the semen can also remain the same even if stud dog has changed.

Discussion to follow next year.

Wolf hybrid in Czech Wolf Dog

Some kennels are under investigation, because of suspicion of wolf blood in some litters.

In Italy there are hybrids between wolf and dog under the breed Czech Wolfhound. There are approximately 100 pedigrees under investigation and DNA tests have been done. These pedigrees have been suspended until DNA of parentage is done.

In Poland there have been similar cases with Saarloos wolf-dog, genetically these dogs were crosses between wolf and dog and between Saarloos and Czech wolfdogs.

There is no official opinion on the subject from the Czech Republic NCO.

This subject will be again discussed in the next meetings.

International Partnership for dogs – 3rd International Dog Health Workshop

A comment about the meeting would be appreciated by the Breeding Commission. Several delegates attended that congress and an exchange of opinions would be helpful. The members of the mandatory Commissions of the FCI have been invited, with the approval of the FCI, to organise their meetings in Paris the days before the International Dog Health Workshop.

The first two workshops were held a day before and at the same location with Breeding Commission meeting, but not this year.

Exaggerations group has come to an agreement, that action has to be started before governments take this matter into their hands. There are ideas of making crosses to add genetic diversity to some breeds.

Breed-specific strategies group: action is often based on work of one active person. There is risk of creating serious harm to breed selecting on specific diseases only, it can even hurt the breed until breed is dead.

There is work in progress in order to collect data to determine if specific breed is able to survive and if there is enough genetic material in the breed to improve health or alternatively cross-breeding is needed. The programme is called Diagnostic Registration. Blood samples are collected from registered dogs as well as unregistered dogs (non-FCI pedigrees and no pedigrees), health issues don't feel the borders of pedigrees.

Validation of genetic tests working group: Nordic canine organisations are working together on this subject.

Health statistics can be helpful, but they have to be correct. Some problems may arise regarding Insurance companies, as they start to charge more from the owners of specific breeds. Swedish insurance company Agria is already doing it, as they have extensive database of dog health data and breeds are already divided between specific groups that are charged differently, there are also groups where specific health conditions (in ex. Cesaeran section) are not covered.

The next Dog Health Workshop will be in the UK, dates are not fixed yet. Most Delegates would like to have a Commission meeting together, although there is the difficulty that it is outside FCI countries.

Exchange breed database among FCI members

Recently RKF has received several requests from various NCOs to provide information regarding the national breeds from the RKF database (e.g. a request from Estonian Kennel Union concerning Estonian Hound). According to the legislation of the Russian Federation, this data is the intellectual

property of the organisation. On the other hand, if it is formalised in the FCI Regulations, it would be easier to share information from database for FCI members and contract partners. The RKF offers to consider and to formalise the format of exchange a procedure for the exchange of information from databases, as well timing and other details concerning this process in the FCI Regulations.

Consensus is that normally overall information is freely sent (like how many registrations of specific breed are done every year). Open database is solution and great help for breeders. Nordic and some other countries have open databases so everyone is able to see registrations and pedigrees as well as health data. Breeders give agreement to make their data public. Ownership data is not public, so it can be impossible to legally share it.

This subject will be discussed more accurately on the next meeting.

How to handle the numerous existing websites where pedigrees and databases of various dogs tests (hip dysplasia, patella, retinal test, ataxia, deafness and other test) are posted?

There is an agreement that only official NCO databases can be trusted. It is not possible to make lists of trusted databases.

ECVO also has an open database of all eye check results. There are also very good databases kept for some specific breeds (like Bernese Mountain dog) and it is a pity we cannot use them officially. It is up to every dog owner's decision which database to trust, but canine organisations can trust their own registries.

Conclusion of the discussion in the BC: we recommend canine organisations to share the data on request to other kennel organisations.

Update on breeding for function

Problem with dogs nowadays is change of function, dogs are not used by their traditional function and are companion dogs mostly. Many breeds don't have the original function anymore, so the function has changed. But idea for breeding for function is not only their physical and mental exercise, but also physical and mental health.

Proposal to have presentation on the same subject focused on breeds that are still fulfilling the same purpose they've had long time and also on breeds whose function has changed. There will be follow-up presentation during next meeting.

Luis Gorjao-Henriques
President of the FCI Breeding Commission

FCI COMMISSION FOR CONTINENTAL POINTERS ACTIVITY REPORT

The yearly meeting was held the day before the European Cup in Zadar (Croatia), on March 5th, 2017.

13 members attended the meeting and the discussion about the various rules and the future European Cup were good and serious.

The European Cup was held on March 6th, in the area of Zadar, and started with the presentation of 13 National Teams – with 62 dogs entered. (Argentina, France, Serbia, Belgium, Italy, Croatia, Ukraine, Spain, The Netherlands, Sweden, Portugal, Romania, Czech Republic).

The Experimental European Cup in Couple was held on March 7th, with 60 dogs.

The Cup was held in 4 batteries, with judges from Croatia and Serbia.

Results at the barrage

European Champion: Ivica Torbarina with Attila Aeternum Fidelis (D. Kurzhaar) from Croatia.

Team results: 1st BELGIUM

© Mr Ragatzu

The winner of the running in pairs was the Epagneul Breton Bayli od Postara (Mr Antonucci), conducted by Mr Scarpecci (IT) which obtained CACIT.

On March 4th, the traditional Prix d'Excellence took place with around 184 participants in 13 batteries.

The winner with CAC-CACIT was Mr Pezzulli with LOLITA (D.Kurzhaar) from Italy.

The event ended with the awards ceremony run by the President, Mr Branko Sare.

On 8-9 March, in the area of Zadar, the World Championship D. Kurzhaar Verband- took place with 13 national teams.

Winning Team: Italy.

On 10-11 March, the European Championship Epagneul Breton, AICEB took place.

Winning Team: Ukraine.

A big thank to Croatia; see you in 2018, in France.

Giancarlo Passini
President of the FCI Commission for Continental Pointers

FCI COMMISSION FOR DOG DANCING - ACTIVITY REPORT

The year 2017 was a year of huge development in the international Dog Dance world. The commission managed to propose a draft of rules for the sport, which was later accepted and led to the first official FCI rules to be established to dog dancing. The commission had two meetings during the year 2017 in order to manage this.

The first versions of the judge's guidelines and organiser's guidelines were also drafted and continue to be processed in the commission.

The other big milestone for the Dog Dancing world was the first official Dog Dancing FCI World Championship competition held in Leipzig, Germany in November. There was a great variety of breeds and different nationalities represented in the event and the first FCI World Championship titles were awarded both for individuals and national teams in our two sports (HTM and freestyle).

The commission is looking forward to seeing the sport develop further at international level as the work for the development of FCI dog dancing continues.

Johanna Saariluoma
President of the FCI Commission for Dog Dancing

FCI EARTH DOG COMMISSION – ACTIVITY REPORT

Meetings

Our meeting was held in Malaga, Spain, on February 12th. 10 delegates attended. Stephanus Middendorf, President of WUT, took part as a guest.

We discussed the general rules and 13 regulations for CACIT, and prepared 10 regulations to be sent to the FCI General Committee.

I would like to express my gratitude to all the delegates of the FCI Earth Dog Commission for their support and active cooperation. I would also like to thank the FCI General Committee for its consistently positive appraisal of our motions, which likewise expresses its appreciation of our work.

The 2018 meeting will take place on February 4th in Strasbourg, France.

2017 FCI Europa-Cup-Vielseitigkeitsprüfung für Teckel

The 2016 FCI Europa-Cup-Prüfung took place in Cimafava – Carpaneto – Piacenza (Italia) on 7-8 October.

Six dogs took part. The best one was "Lysander vom Lubowsee", with Mr Stefan Fuß, from Germany.

Results

Individual

- 1° LYSANDER VOM LUBOWSEE (DE) – 276 – CACIT
- 2° QU DELLA VAL VEZZENO (IT) – 272 – CACIT
- 3° GUIA DELLE ROCHE DI ALBARO (IT) – 251
- 4° ENNA VOM KROGSBERG (DE) – 222
- 5° OZ IL MAGO DELLA VAL VEZZENO (IT) – 217

Team

- 1° ITALY (523 points)
- 2° GERMANY (498 points)

It would like to express my gratitude to the organisers for their excellent work.

The 2018 FCI Europa-Cup-Prüfung will be held in Germany.

My thank goes also to the FCI General Secretariat for the cooperation and help over the last year.

Steffen Maar
President of the FCI Earth Dog Commission

FCI SHOW COMMISSION – ACTIVITY REPORT

In 2017, the FCI Show and Show judges Commission accepted the Russian Kennel Federation's invitation and had their annual meeting in the beautiful Olympic city of Sochi, at the Black Sea.

Mr Aleksandr Inshakov, President of the RKF, opened the meeting and wished a very warm welcome to 43 delegates from 29 countries and many observers from RKF.

We all spent two very interesting and informative days. The discussions, which were also simultaneously translated into Russian, included new regulations for shows and show judges, behaviour of dogs and exhibitors, and how to handle problems.

Another point raised was that dog shows, judges and exhibitors are in the spotlight of the press and animal welfare organisations.

It is up to us, what we show to the rest of the world.

It was agreed that we need to give a better impression of our hobby to the public. We need to show all the positive aspects of showing dogs, as great contact between visitors, dogs and handlers and we have to show excellent care and well-looked-after dogs during the whole day at a show.

We do not want the public to leave our shows with the feeling that they saw overcrowded cages or dogs totally wrapped, having to stand for hours on a grooming table. It is up to us to show more friendly pictures and show the World that dog shows are a very nice hobby, not only for exhibitors, but also for dogs and visitors.

Before the meeting ended, a golden FCI pin for lifetime achievement was given by the President of the FCI Show Commission, Barbara Müller, to Mr Nicolas Schwab from Luxembourg, for his longtime work in the commission as Vice-president. The delegates congratulated Nick Schwab with a standing ovation.

The RKF invited all delegates for the official dinner with live music on Saturday evening and also to a very special and spectacular trip to Sochi Olympic park Sunday late afternoon. The meeting ended in a friendly way on Monday when all delegates left Sochi.

Our great thanks go to President Mr A. Inshakov, the whole board of RKF and the most friendly RKF staff who made our stay in Sochi so unique.

The following proposals were sent to the FCI General Committee:

1. Agenda point 6

Observers reports from World and Section Shows 2014/2015

Decision: Proposal to the FCI General Committee to add at the bottom of the observers form: The report has to be sent back to FCI within 30 – 45 days maximum.

Decision by the General Committee: from now on, the FCI observer will have 45 days to send the report.

2. Agenda point 8, Proposal from FCI office about dog show classes

Decision: Proposal to the FCI General Committee to add in the Regulations for FCI Dog Shows:

Classes (age)

For single shows: The dog has to be entered in the class where the dog reaches the age on the day.

For multiple dog shows: The age of a dog is determined on the 1st day of the show.

Decision by the General Committee: Regarding age, the day to take into account is the day when the dog is shown. If a dog has its birthday on the day it is shown (turning 9 months, for example), it is up to the exhibitor to choose in what class he wants to enter the dog (puppy or junior). Regarding show circuits (4 different shows in

4 days, for example), it is up to the exhibitor to enter his dog in the appropriate class for each show.

3. Agenda point 9, Proposals from Luxembourg

1. Double Handling

Decision: Proposal to the FCI General Committee to add in the Regulations for FCI Dog Shows:

Double Handling: Double Handling, i.e. attracting dogs' attention by means of a person outside the ring, is prohibited.

Decision by the General Committee: the General Committee agrees with the following proposal: **"double handling, i.e. to attract the dog's attention from outside the ring, is strictly prohibited"**. It is pointed out that this ruling existed in the previous version of the Show Regulations.

The FCI Show Regulations will be adapted as follows:

6 Qualifications and placings

CANNOT BE JUDGED. This rating is to be given to any dog which does not move, which is lame, which constantly jumps up and down on its handler or tries to get out of the ring, which makes it impossible to assess the gait and the movement or avoids constantly to be examined by the judge and makes it impossible to inspect teeth, anatomy and structure, tail or testicles. This rating is also to be given if traces of operations or treatment can be observed which seem to indicate that the exhibitor wanted to deceive the judge. The same applies if the judge has ample reason to suspect operations that were intended to correct the original condition or feature (e.g.: eyelid, ear or tail). This rating is also to be given in case of "double handling" (i.e. attracting the dog's attention from outside the ring) - which is strictly prohibited. The reason why the dog was rated CANNOT BE JUDGED has to be stated in the judge's report.

2. International Working Certificate

Decision: Proposal to the FCI General Committee to send out to all NCOs

1. a list of all breeds, which are entitled to be shown in working class and information that working class is not automatically open to all the breeds.

Decision by the General Committee: List of breeds which can be entered in working class: this document already exists and is available on the FCI website.

4. Proposal from the meeting, National Championship titles

to send out a questionnaire to all NCOs on how many championship titles they have and how many CCs are needed to achieve the championship title.

Decision by the General Committee: Circular to all NCOs requesting the list of their national titles and the requirements to get them: not approved.

I am very happy to mention that The Americas and the Caribbean Section Show in Guatemala, 25-26 March, the European Section Show in Kyiv, 25-27 August, the

Asia and the Pacific Section Show in Shanghai, 3-6 October and finally the World Dog Show in Leipzig, 9-12 November, attracted many exhibitors and visitors. All 4 Shows were organised with great professionalism and knowledge and got best qualifications from the official observers, the exhibitors and visitors.

Concerning the official International Dog Show List during 2017, 1,247 Shows were organised under the FCI roof, divided into 779 in Europe, 201 in The Americas and the Caribbean, 254 in Asia and the Pacific, 12 in Africa and 1 in the Middle East. These figures demonstrate that our shows did not lose any attractiveness compared to the previous years.

Last but not least, my thanks go to Dr Tamás Jakkel for his support in the FCI General Committee, Yves de Clerq and his staff for the excellent cooperation and my colleagues Luis M. Catalan and Ronnie Natividad for their help and support.

Barbara Müller
President of the FCI Show Commission

FCI COMMISSION FOR HOUNDS OF THE 6TH GROUP

ACTIVITY REPORT

Podgorica, Montenegro, 15th September

Present:

President Gian Carlo Bosio (Italy)
 Secretary Giovanni Brumana (Switzerland)
 Organiser of the 25th European Cup 2017 Montenegro,
 Miodrag Vretenic (Montenegro)
 Vice President Manfred Pircher (Switzerland)
 Jacques Menut (France)
 Enio Monaldini (San Marino)
 Wolfgang Ramschl (Austria)
 Tom Wenger (Norway)
 Drazen Tilicic (Croatia)
 Freddy Kjellstrom (Sweden)
 Jani Mantyla (Finland)

10.10 starting time

Greeting by Miodrag Vretenic, organiser of the European Cup and General Secretary of the national canine organisation of Montenegro.

The President, Dr Gian Carlo Bosio, takes the word suggesting the agenda below, which is approved.

Agenda

1. Reading and approval of the previous session.
2. European Cup Proposal for Wild Boar Hounds (Regulatory Proposal)
3. Proposal to introduce the category COUPLES for the European Cup for hounds of hare.
4. Proposal to introduce the age limit for hounds participating in the contest.
5. Verification of European Cup candidates for hounds on hare 2018.
6. Any other business.

1. Reading and approval of the previous session

The report of the meeting of the previous year is read; Manfred Pircher (CH) asks why from the participation of three dogs per country to single, as it was established, then only two were accepted per country.

The organisation explains that the problem is the lack of territory due to weather conditions.

Wolfgang Ramschl takes the word and asks why you cannot participate either with a pack of dogs and with a single dog; the President explains that it is not possible due to the current regulation that states the distinction of countries participating with packs and countries that participate with single dog.

Dr Bosio explains that in today's agenda, if voted, it is possible to decide for the participation of each country with dogs couple.

Dr Bosio says that the European Cup needs to grow, to be enlarged and gets more participants and therefore it is necessary to give greater possibilities to all European countries to participate.

Wolfgang says that we could, in fact, also introduce the couples category and Bosio confirms this suggestion.

Tilicic says that the various organising nations, may have problems in finding the test grounds for the European Cup for hounds and therefore it is absolutely necessary to know the exact number of competitors first.

All unanimously agree.

The President Bosio announces that, in any case, those who have proposals to submit in good time, namely the next meeting of the European Cup, in order to insert them in the following agenda.

The Report of the previous year is unanimously approved.

2. European Cup Proposal for Wild Boar Hounds (Regulatory Proposal)

Dr Bosio suggests a draft regulation for the European Wild Boar Cup and awaits for any comments or additions, in writing within two months so to be discussed in the next meeting.

He asks the representatives of the countries present if they are interested in this proposal, that is to carry out the European Cup on Boar.

Pircher, Switzerland, agrees and asks the other countries' representatives.

Finland says that this type of hunting cannot be done by them, but they approve.

Tilicic says that many countries will be available but certainly not all.

Bosio intervenes by saying that he wants to know only their opinion and he knows that not everyone will have the opportunity to carry out these tests, but the president of the FCI Commission for Hounds of the 6th Group reiterates that these tests serve for the promotion of the hound, of all hounds, and not for the promotion of one's own nation!!

Freddy Kjellstrom (Sweden) intervenes saying that in his country they can hunt hare and fox, but that he agrees, approving the spirit that President Bosio has well explained.

Pircher observes that some nations, like Switzerland, do not have judges for the boar but will organise themselves for the expansion of the judges, this is a further element of support and stimulus to undertake this European Cup for wild boar hounds.

The President Bosio intervenes explaining that these manifestations are indispensable for the protection and the promotion of the hound because in Europe and in the world, we have a strong drift against the use of the hound and these demonstrations clearly show that our dogs are wonderful animals and absolutely in symbiosis with nature and the wild animals they hunt.

Everyone agrees and this point is approved unanimously.

3. Proposal to introduce category COUPLES for the European Cup for hounds of hare

Dr Bosio suggests to introduce the couple category to approach other countries that traditionally use it, such as Greece, and explains that in the couple category can participate both the countries that now participate in the European Cup with the SOLO (single) and the countries that now participate with the pack.

All European countries can participate in this category.

Bosio asks if everybody agrees and everyone accepts.

Unanimously approved.

4. Proposal to introduce age limit to participating hounds

Argument inserted following requests to put an age limit on the dog.

This proposal is not accepted.

5. Verification of European Cup candidates for hounds on hare 2018

There are no nominations for the organisation of the 2018 European Cup. Jacques Menut (France) proposes to carry out the next European Cup in France, where it will however only take place in the month of January or February 2019.

The availability of France is confirmed and accepted by unanimous vote.

Pircher asks how many competitors per nation are accepted.

The members present decide for 2 competitors per category per country.

The President Gian Carlo Bosio closes the session of the commission asking everyone the utmost commitment, a lot of passion to defend and promote the SEGUGIO in all places and states so that the love for our dog must be the extraordinary stimulus to use it in all countries around the world in the most appropriate way, respecting its peculiarities, for which it was selected.

The meeting closes with applause at 12:15.

Hounds – European Cup

The 25th European Cup was organised on 15-16 September in Montenegro. 12 countries took part, as well as 74 judges (37 international) who judged 30 dogs (solo) and » 7 packs (3 from France, 3 from Italy and 1 from Macedonia).

Results

Solo

- 1 Serbian Tricolour Hound owned by Dalibor Pezer (BA); 132 points
- 2 Serbian Hound owned by Keser Ivanovic (FR); 87 points
- 3 Istrian Short-Haired Hound owned by Perica Miljkovic (FR); 80 points

Packs

- 1 Small blue Gascony owned by Yves Sirgan (FR); 1125 points
- 2 Beagles-Harrier owned by Gérard et Guillaume Thomas (FR); 949 points
- 3 Ariégeois owned by Benjamin Lanau (FR); 865 points

Gian Carlo Bosio
 President of the FCI Commission for Hounds of the 6th Group
Giovanni Brumana
 Secretary

FCI COMMISSION FOR HERDING DOGS – ACTIVITY REPORT

The FCI Commission for Herding Dogs had its annual meeting in Interlaken, Switzerland, 20-23 April.

Members of the following countries were present: Italy, Mr GUIDOBONO CAVALCHINI Luigi, President; Switzerland, Mrs VON ERLACH Sandra, Secretary; Germany, Mr VOIGT Manfred; Finland, Mr SIITONEN Jouko; Austria, Mr KURZBAUER Johann; Hungary, Mr ARKOSI Jozsef; The Netherlands, Mrs KARREMAN Hanka (reserve for Mrs HELMERS-DE REGT Lia, confirmed by the NCO); Czech Republic, Mr LOUCKA Radko, Ing.; Russia, Mrs BARANOVA Inna.

At the meeting, a new President was elected to the Commission: Mr SIITONEN Jouko.

The new President, Mr SIITONEN, would like to thank the resigning president, Mr GUIDOBONO CAVALCHINI Luigi, for his previous work on the FCI Commission for Herding dogs. At the same time, a new secretary was elected to the Commission, Mrs BARANOVA Inna.

Concerning the Herding situation in the various countries:

Finland

The problem is that Finland does not have many farms for FCI TS and CS trials, because the volume of sheep is small on the farms.

In 2016, there were only 3 of these farms, so - like in every country - it is very important to find new farms available, because the number of enthusiasts will increase over the years! Finland currently has 5 FCI TS judges and 10 FCI CS judges.

France

Many trials by French rules and only several by FCI rules. Discussion about the license for herding events in other countries. Situation in France: the license is a border between countries; the payment of the additional license for foreign dogs it is not good basis for communication.

Switzerland

New organiser below the Swiss canine organisation: "Swiss Club of Continental Herding Dogs" So the FCI trial is progressing.

Italy

There is a Club recognised by the ENCI who is responsible for national herding training and trials: "Cani da lavoro su Bestiame" CLB (clbdog.com). In 2016, Italy organised a 150-hour official course for trainers, theoretical and practical. There were 14 official trials for Border Collies and 15 for Traditional, with different breeds including the Bergamasco, plus many Aptitude Tests and HWT (working Test). In total, Italy has approximately 180 dogs competing. Italy organised several training seminars on sheep breeding, on sheepdog training and on sheep welfare. There are 14 training fields spread throughout Italy. Actually, there are two judges, plus one in training.

Hungary

Many problems in the NCO's administration. Now, the situation is clear. They have 5 herding breeds + 4 guarding dogs. They have national rules and traditions for herding. Committee for judges + committee for rules and organisation of herding events. 3 clubs organise TS events, 3 clubs organise CS events. Now they have ~9 judges. They have special national herding tests. NAHT & HWT are for breeding. They have several special training centres for herding dog.

Russia

Another training centre was set up in the city of St. Petersburg. In a year, there are approximately 18 NHAT in which about 210 dogs take part, 28 dogs have passed HWT. There are 3 IHT-TS and 2 IHT-CS per year. In 2016 7 training sessions were held: in Vladivostok, Perm, Yekaterinburg, St. Petersburg, Murmansk and two in Moscow.

Austria

6 trial CS (146 participants), 1 herding judge, national rules for herding event as a show, not for the sport competitions.

Germany

Same problems as in Austria and Italy - herding is not a sport, but a special zootechnical event. 3 events TS.

Czech Republic

Czech Herding Commission (R. Loucka +4) and 2 Herding clubs (SPCZ and CAOPP). All information available on their web pages. The Czech International Herding Judges Pool counts 12 judges. Detailed database system of registration of all events and participants, including the results of individual dogs.

In 2016, CZ organised 22 events in the CS, attended by 332 teams and 23 TS events attended by 404 teams. In 2017, 35 events were planned (59 days), including 2 CACITR CS and 8 CACITR TS. Statistics from last year shows that there is a significant increase not only in the number of events and competitors, mainly in TS IHT-3, but also in the requirements for the level of trials, judges and organisers.

The Netherlands

They have just finish national rules. They are starting to compete. They have the clinic for TS.

Herding commission on FCI website

<http://www.fci.be/en/FCI-Herding-Dogs-Commission-1296.html>

The commission's web pages collected every country's list of Herding Dogs judges (Collecting and Traditional Style). Every country's NCO must send the list of judges. Every country's "Useful national links" are also available on these pages.

New FCI TS rules for herding dog

In 2016, the commission decided to set up a new set of rules for herding and started to prepare and write new rules pro-

posals before the Interlaken meeting where the proposals were discussed and approved. The working group made a good job taking into account the animal welfare and the different countries' situations.

The new rules consist of:

- GENERAL CONDITIONS FOR THE ORGANISATION OF FCI HERDING EVENTS
- FCI RULES FOR HERDING WORKING TEST TRADITIONAL STYLE
- FCI RULES FOR INTERNATIONAL HERDING TRIALS TRADITIONAL STYLE
- SPECIFICATIONS FOR THE ORGANISATION OF THE FCI TRADITIONAL STYLE HERDING EUROPEAN CHAMPIONSHIPS
- FCI INTERNATIONAL HERDING CHAMPION TITLE REGULATIONS

The working group also drew up a new judging sheet which each member-country can use.

Jouko Siitonen

President of the FCI Commission for Herding Dogs

FCI OBEDIENCE COMMISSION – ACTIVITY REPORT

Annual meetings

The FCI Obedience Commission had its annual meeting on the 20th and 21st of May in Zürich, Switzerland, with representatives from 14 countries.

The commission members made efforts to increase the number of member countries in the FCI Obedience Commission, as well as the activity to attend the commission meetings.

One of the main topics at our annual meeting was discussing the feedback on our obedience rules in force since 1.1.2016. This was also the start off for planning ahead what changes and improvements have to be made when revising the rules for 2021. Delightfully, most - if not all -European countries are applying these rules for classes I-III and there is some interest outside Europe as well. In addition, most countries have a national beginners' class with exercises and judging criteria of their own, but probably well aligned with the FCI classes I-III.

Obedience Champion titles

The commission discussed the details of international obedience competitions and awarding CACIOBs, as well as the requirements for receiving the title International Obedience Champion. This title is well established. An important challenge, however, is to promote the recognition of a national title Obedience Champion in all countries and to

have national rules for dogs to achieve the title Obedience Champion. The requirements for this title should be brought in line in all countries. Also the requirements for achieving the title Obedience Champion of another country was been dealt with. All in all, the aim is to promote the recognition of these titles and to have an alignment in the requirements of all countries.

Mr Johann Kurzbauer decided to resign from his position as delegate so this meeting was the last one for him. He was the delegate for Austria for some twenty years, having been both Vice president and President of the Commission.

Planning of World Winner Competitions

As the World Winner Competition in Obedience is not tied to the World Winner Dog Show anymore, the Commission plans and decides on the sites of future World Winner competitions, some 4-5 years ahead, and appoints the judges for the WW competitions. The Commission worked on the new rules and guidelines for World Winner competitions.

The future World Winner Competitions

| | |
|------|-----------------|
| 2018 | The Netherlands |
| 2019 | Czech Republic |
| 2020 | Spain |
| 2021 | Switzerland |
| 2022 | Latvia |
| 2023 | Germany |

World Winner competition 2017

The World Winner competition 2017 in Obedience was arranged in Ostend, Belgium on 15-18 June. It was an outdoors competition and the site was very suitable for an Obedience competition. Altogether 109 competitors participated, from 20 countries.

The judges of the competition were Mr Jean-Pierre Deplancke from Belgium, chief judge, and Rudy Cattrysse from Belgium, Per Eigil Gylland from Norway, Lucie Gabrielová from the Czech Republic and Ingrid Tkáčová from Slovakia.

Team results:

| | |
|------------|--------|
| 1. FINLAND | 900.50 |
| 2. RUSSIA | 868.00 |
| 3. SWEDEN | 856.75 |

The individual medals were presented to:

| | | | |
|--------------------|---------|--------------------|--------|
| 1. Valentina Balli | Italy | Mind the Dog Lycan | 283.30 |
| 2. Maarit Hellman | Finland | Stjerne | 278.25 |
| 3. Oili Huotari | Finland | Tending Occult | 276.80 |

Carina Savander-Ranne
President of the FCI Obedience Commission

FCI COMMISSION FOR RESCUE DOGS – ACTIVITY REPORT

Meeting

The commission had only one meeting in 2017: 25-26 February in Helsinki, Finland.

The 2018 Rescue Dog Team WC will be arranged in Zatec, Czech Republic.

The future IPO-R regulations were discussed thoroughly, and Mr Jansen informed that the adaption work of IPO-R regulations is going on, and that they may be able to make them official from 2019/2020. Man-Trailing will be included in the regulations, and, depending on IRO, also Water Work.

Many other subjects were discussed, e.g. statistics, sending score sheets to FCI, the judges list etc.

The meeting ended and Mr Jansen thanked the Finnish Kennel Club for their great hospitality.

During 2017, the combined working group for the adaptation of the present IPO-R regulations had several meetings, with a final meeting in November 2017, before the concept is sent to the NAO's and the NRO's for reactions.

In January/February, the working group will deal with the reactions to make a final document, which will be sent to the FCI General Committee and the IRO board for approval.

Frans Jansen
President of the FCI Commission for Rescue Dogs

FCI SHOW JUDGES COMMISSION - ACTIVITY REPORT

RKF was the host of our annual meeting that was held in Russia, in the beautiful Olympic city of Sochi. Our meeting was held on February 4th, with 28 delegates from all FCI Sections and many Russian guests. On February 5th, we had the joint meeting together with the FCI Show Commission. The meetings were at Hyatt Regency Hotel, everything was very well set and perfectly organised, including translation into Russian. We congratulate and thank our host RKF, President Mr Inshakov and his team for the perfect job and to give all of us a memorable and very pleasant stay.

Our work and discussion often led to several proposals for the FCI General Committee. Many countries that didn't use to send delegates to our meetings are joining the Show Judges Commission and that is a great achievement.

Joint Meetings with our colleagues from the FCI Show Commission

Like every year, we also organised joint meetings with the FCI Show Commission. It is always the last meeting in our weekend during which we talk about topics that involve both commissions. But we also inform each other about the specific topics that can have an influence on the other commission.

We talk about the code of ethics, regulations for shows that affect judges and the other way round, the publishing of online catalogues, the possibility to ban dogs and people at shows, the way to use online and digital systems in the ring, etc.

European Judges Directory

The FCI is working on updating the FCI Judges Directory. This was the task for early 2017. However, the FCI Office wants to update and modernise more than this. So, it requires a total review of applications. A circular pointed out that the Judges Directory would be compulsory since the 1st of July 2017. We are happy to know that the NCOs have become aware of the importance of this Judges Directory and have completed the data. Even so, several judges are still missing on the list.

Breed-by-breed education

Our aim to have a uniform education for every individual breed, developed by the country of origin, for international use became reality.

A circular was sent by the FCI to all the NCOs requesting them to prepare breed-by-breed PowerPoint presentations for all their national breeds, in order to use them for national and international education purposes. Although we made a lot of efforts to make our colleagues enthusiastic to develop and publish this important breed information, unfortunately only a few countries have developed some PowerPoint presentations and sent them to us.

Guidelines and instructions on how to write a dog's report

We often hear that some judges have problems with writing good dog reports while judging. Basic guidelines and instructions about how to write reports and a list of words that can be used would be very helpful.

We prepared guidelines in the four FCI working languages about how to write a report and developed a list of the most common words used. The list has already been used in several countries. However, the wording we compiled is not approved yet to be published officially, the FCI General Committee suggesting a more technical lexicon. It will be a next task for the Commission to do in coordination with our FCI General Committee delegate, Dr Tamas Jakkel.

Judges and NCOs that do not follow FCI rules

A long, intense and deep discussion regarding judges who move to other countries because of problems with their own NCO or judges who get their license in countries not following our FCI regulations, started some years ago. During the last years, we saw some strange things happening:

- People became All-Breed Judges in a few months or one year. Not a period of 10 years;
- People who are nominated by a country other than the one where they live;
- Judges who get problems with their own NCO and go (without really moving) to other FCI NCOs who accept them.

The FCI General Committee is aware of our concerns and tries to help where possible, we are glad they already took action about the cases of three judges after an independent commission did an investigation. The FCI office has also done research in several cases.

But it is not enough; there is a lot of work to do on this topic. If we don't keep fighting for equal rights for our judges and if we let a few NCOs do what they have been doing for years, we will never come to a uniform, worldwide organisation with equal rights for everyone.

1st International FCI Show Judges Congress

One of our goals was to organise a World congress for all FCI judges. With the support of the FCI General Committee and the FCI Head Office, the FCI European Section and the Ukrainian Kennel Union, the 1st International Show Judges Congress became reality. It was held on the day before the European Dog Show in Kyiv, Wednesday 23rd of August 2017.

The topic was "It's all about Balance". Balance in judging, balance in using and interpreting standards. Balance for the best of our dogs and to protect their function.

It was as a very successful congress with 190 participants from 42 different countries. We had simultaneous translation into Russian. The opening was in charge of FCI President, Mr Rafael De Santiago. We had an international and respectful panel of speakers integrated by Anne Marie Class (France), Jorge Nallem (Uruguay), John Wauben (The Netherlands), Jose Luis Payró (Mexico), Barbara Müller (Switzerland), Peter Friedrich (Germany), Laurent Pichard (Switzerland), Jorgen Hindsen (Denmark), Branislav Rajic (Slovenia), and Claudio de Giuliani (Italy). We have to congratulate and thank UKU President, Mr Georgy Onishchenko, and his team for the great support and organisation; very special thank you to Helen Skliarova and John Wauben who were responsible for the organisation and general coordination of this great event.

Besides the above-mentioned topics we also spoke about:

- Obligations for NON-FCI Judges officiating at FCI shows. They should not only have the same rights but also the same obligations when judging at the FCI Shows. We proposed an amendment to the Regulations.
- Country of nomination of a judge. The country that should appear on the Show Programme is the country where the judge's FCI license is registered. It makes clear what national canine organisation (NCO) has approved the license of the judge.

- Physical and mental health of judges to perform in the ring. It has been added to the Regulations that judges must be fit in order to judge the breeds they are assigned to, paying respect to the dogs and exhibitors.
- Judging cropped and docked dogs.
- We proposed to change the Standing Orders regarding the details of judges when being published in the official judges list. Next to the already-mentioned details, the NCO also has to mention the year of the judge's nomination for the first breed. It is necessary to check whether the nomination of All-Breed Judges has been done properly.
- We developed a form with which NCOs have to inform the FCI about the nomination of All-Breed Judges. This form is obligatory to use when an NCO has nominated an All-Breed Judge. Unfortunately, not all members follow it.
- In the last meeting the members agreed to develop a working group to work out a more detailed education programme that can be used by the NCOs to educate their Show Judges.

We thank Yves De Clercq and his colleagues from the FCI Thuin office for the way in which our documents were at all times sent promptly and correctly translated to our members, our thanks also go to the General committee and its representative in our Commission Dr Tamás Jakkel who supported and defended our proposals.

Adrian Landarte
Deputy president of the FCI Show Judges Commission
Anne-Marie Class
Secretary

FCI COMMISSION FOR SIGHTHOUNDS RACES – ACTIVITY RAPORT

Year 2017 was a normal year in the European racing and European lure coursing community.

On January 1st, we introduced new Regulations for International Sighthounds Races and Lure Coursing Events.

An Annual Meeting of the FCI Commission for Sighthounds Races was held in Lotzwill, Switzerland, on June 28th. We planned 73 races and 89 lure coursing.

The European Championship Coursing was held in Lotzwill, Switzerland from June 29th to July 3rd. Over 1,000 partici-

pants were announced from 20 different countries. We had 35 European Lure Coursing Champions from 12 different countries.

The European Championships Racing was held in Alsónémedi, Hungary on 1-3 September; over 300 participants from 13 different countries were announced. We had 24 European Racing Champions from 9 different countries.

Maria Stenberg
FCI Commission for Sighthounds Races

FCI COMMISSION FOR SLEDGE DOGS – ACTIVITY REPORT

In 2017, the FCI Commission for Sledge Dogs continued its work and met in Budapest, Hungary, on 27 and 28 May 2017. A perfectly well-organised meeting thanks to the organisers, Mrs Andrea Der and the Hungarian canine organisation. Fifteen countries were present and three were excused.

The meeting started with some explanations on the new work that the commission has to do now, different from the type of work that had been done in previous years as now, instead of "Guidelines" for the harmonisation of the work of sledge

dogs at national level, the commission would have to draft FCI Rules that should be applicable to all FCI Member countries.

Then the work of the commission focused mainly on the discussion of different issues, the drafting of a set of rules for the delivery of CACIT for sledge dogs, possibly mainly on snow races, and another one to establish the requirements in order to be able to deliver the title of International Working Champion.

As these rules would be FCI rules once adopted by the FCI General Committee, a long discussion took place about the possibility for FCI Member countries to be allowed to organise CACIT races on dryland races for countries that do not have snow. Many other issues were discussed, like the minimum result on show to be eligible to the delivery of a CACIT, as well as the minimum distances per class and type of races on CACIT races.

However, one main issue discussed was also dog welfare for these "Polar" breeds that should not be working with high temperatures and humidity. The commission hopes that such an issue could be understandable by all FCI Member countries.

The commission hopes to be in the position to implement the draft rules with all technical appendices and possibly finalise the complete draft for these rules at the next meeting of the commission.

The next meeting of the commission is planned to be held, probably in July 2018, in Tallinn, Estonia.

Franco Mannato
President of the FCI Commission for Sledge Dogs

FCI COMMISSION FOR SPANIELS – ACTIVITY REPORT

From left to right: Isabelle Ley, Andrea Cupini, Heinrich Nikoll, Jari Parkisseniemi, Jan Luijendijk, Framstad Knut, Mr. Jacques Monscavo.

During these three years we have had three official meetings, during which some national regulations for CACIT «A» have been examined and approved, and some countries have been instructed to be able to adjust the regulations and continue to organise trials with CACIT «A», as well as deciding on the organisation of the European Cup.

At the meeting of May 20th, 2017 in Pisa (Italy), changes were made to the CACIT «A» Regulations and to the Rules of the European Cup, which will be approved at the next meeting scheduled on January 26th, 2018 in Belgium at the next European Cup.

Andrea Cupini
President of the FCI Commission for Spaniels

FCI COMMISSION FOR UTILITY DOGS – ACTIVITY REPORT

Meetings

There were two meetings of the FCI Commission for Utility Dogs in 2017: 11-12 .March in Meppen, Germany and 18 September in Rheine, Germany. I want to thank all delegates that attended these meetings.

FCI-World Championship Tracking Dogs 2017

The FCI IPO FH WC 2017 was held from May 14th until 17th, in Ptulj, Slovenia.

On behalf of the FCI Commission for Utility Dogs, I want to thank Mr Miran Mars and Mr Brane Pus and their teams for the excellent organisation. Also our thanks to the Supervisor Mr Andreas Wohlschläger from Austria and the Judges Mr Toon Hop from The Netherlands and Mr Martin Gügler from Germany for their excellent work.

The participants in this World Championship, 33, came from 17 different countries.

FCI Tracking Dog World Champion 2017 is Michael Tomczak from Germany, with his German Shepherd dog Aik vom Rio Negro from Germany with 196 points.

2nd: Thomas Thies from Germany, with his GSD tara von den Wannaer Höhen with 196 points.

3rd: Svetlana grigoreva from Russia, with her GSD Djeta last Hathy with 193 points.

In the ranking of the countries, Germany was first and 2017 FCI IPO-FH World Champion with a total of 391 points.

2nd: Italy with a total of 378 points.

3rd: The Netherlands with a total of 375 points.

The results were: 1 x Excellent, 6 x Very Good, 11 x Good and 15 x Unsatisfactory.

FCI- European Open für Fährtenhunde 2017

In 2017 there was no FCI European Open for Tracking Dogs.

The 2018 FCI-World Championship for Tracking Dogs

will be held in Vranov nad Toplou, Slovakia.

FCI-World Championship for Utility Dogs 2017

The FCI-World Championship for Utility Dogs 2017 was held from 14 until 17 September in Rheine, Germany, with 140 participants from 37 countries.

On behalf of the FCI Commission for Utility Dogs I want to thank Mrs Christa Bremer and all her assistants for the organisation of this World Championship. I also want to thank the supervisors and judges for this 2017 FCI IPO World Championship:

Supervisor of the World Championship, Mr Robert Markschläger from Austria. Tracking supervisor, Mr E. Uekötter from Germany.

Judges: Tracking Mr T. Muchizuki from Japan, Obedience Mr. G. Verlinden from Belgium and Protection Mr M. Greub from Switzerland.

FCI-IPO World Champion 2017: Mr Yannick Keizer from Germany, with his Belgian Shepherd Punk vom Futher Moor, with 294 points.

Results: 9 x Excellent, 18 x Very Good, 76 x Good, 6 x Satisfactory, 13 x Insufficient, 4 x Reported ill and 4 x Disqualification.

At the 2017 FCI WC for Utility Dogs there were 4 participants with a „Wild Card“. These participants were the 2017 IPO World Champions of the FCI affiliated organisations of Rottweiler, Dobermann, Hollandse Herder and Riezenschнауzer.

FCI World Championship for Mondioring Dogs 2017

In 2017 there were two meetings of the section Mondioring of the FCI Commission for Utility Dogs (23-02-2017 in Meñaka, Spain and 04-10-2017, in Gorliz, Spain).

The 2017 FCI World Championship and Grand Prix for Mondioring Dogs were held in Gorliz, Spain, from 29 September until 4 October and there were in Category I 15 participants from 15 different countries. In Category II, there were 13 participants from 13 different countries. In Category III, there were 50 participants from 20 different countries.

FCI World Champion Mondioring is Stephane Leca from France, with his Begian Shepherd Chost du Vallon du Roucas with 337.5 points out of 400.

2nd: Jos Helsen from Belgium, with his Belgian Shepherd Jeff van het Retrohof.

3rd: Marc Willems from Belgium, with his Belgian Shepherd Mickey van't Stekkerke.

On behalf of the FCI Commission for Utility Dogs I want to thank Mr Ricardo Salazar and his assistants for the perfect organisation of this 2017 FCI World Championship for Mondioring.

The performance of the organisation was appreciated by the participants and the spectators.

We would also like to thank the supervisor Mr Valeer Linclau from Belgium and the judges for their excellent work.

I want to thank all delegates of the FCI Commission for Utility Dogs for their contribution and active work in 2017. I also want to thank the FCI General Committee for the positive support and acceptance of our proposals. It shows their appreciation of our work.

My special thanks go to the Executive Director and staff of the FCI General Secretariat for the excellent cooperation.

Frans Jansen

President of the FCI Commission for Utility Dogs

The following FCI commissions did not share any Activity report for the year under review:
British Pointers and Retrievers.

JULIÁN HERNÁNDEZ LUIS

*Economist
Madrid, Spain*

AUDIT REPORT**To the members of the Fédération Cynologique Internationale**

I went to the headquarters in Thuin (Belgium) on 19th and 20th April this year in order to audit the accounts for the 2017 financial year.

1. - Over the course of the two days I was there, I audited the FCI's financial statements, which include the balance sheet to 31st December 2017, the profit and loss account, the statement of changes in net equity and the report on these latter, all corresponding to the financial year ending on the aforesaid date.

The General Committee is responsible for drawing up the organisation's financial statements, in accordance with the regulatory framework for financial information which is applicable to it and in such a way as to ensure that it provides an accurate picture of the FCI's assets, financial position and results.

It is my own responsibility to offer an opinion about the financial statements as a whole, based upon the work carried out in accordance with the applicable regulatory standards, and this requires an examination - carried out by means of selective tests - of the evidence provided to back up the financial statements and an assessment of whether its presentation, the accounting principles and criteria used and the estimates made are in accordance with the applicable regulatory framework for financial information.

2. - OPINION

In my opinion, the financial statements for the 2017 financial year do, in all significant aspects, indeed provide an accurate picture of the assets and financial situation of the Fédération Cynologique Internationale at 31st December 2017 and the results of its operations relating to the financial year which ended on the aforesaid date.

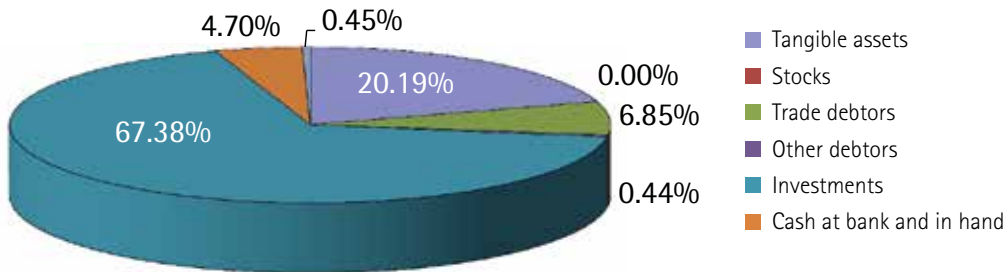

Signed: Julián Hernández Luis

Letter of Understanding between FCI and AKC

WHEREAS the Fédération Cynologique Internationale (FCI) and The American Kennel Club (AKC) share the common goals of promoting and protecting purebred dogs ; and

WHEREAS the parties hereto have in the past cooperated to a certain extent in carrying out this object and have been acting pursuant to certain informal agreements made from time to time for that purpose ; and

WHEREAS it is agreed that the relations between AKC and FCI and its member registries should be explicitly written with a view towards future cooperation ;

NOW, this letter of understanding encompasses the mutually agreed to basis for the relationship between the parties as follows :

1. AKC will recognize the pedigree for any FCI registry that meets AKC requirements and that wishes to have such recognition.
2. AKC will not automatically give exclusive recognition to the FCI registry in any country in which there are multiple registries and FCI will not automatically give exclusive recognition to AKC's registry in the United States.
3. AKC will not register any dog born in an FCI member country until that dog has been registered in the Stud Book of the FCI registry or the AKC-recognised registry in that country. No dog born in the USA, belonging to breeds recognised by the AKC, will be registered by an FCI member registry unless the dog has been registered in the FCI-recognised registry in the United States. It is up to the FCI to decide about the registration of dogs born in the USA belonging to breeds not recognised by the AKC.
4. Each of the parties agree that when any information comes to its knowledge which might reasonably affect or be useful to the other party (AKC judges suspension, amended standards, etc.), it will immediately communicate such information to the other party.
5. FCI and AKC will deal with the judging approval reciprocity in a separate document (see attachment).

6. AKC will not sponsor any event in the country of an FCI member without the express permission of FCI and the FCI member. FCI will not sponsor any event within the territory of the United States without the express permission of AKC. Puerto Rico is exempted from this provision as both AKC and FCI have been previously sponsoring activities on that island.
7. While not an FCI member, FCI has graciously agreed to permit AKC to participate in its World or Section Agility, Utility, Obedience, etc. Championship Event provided that this participation does not prevent representative teams of FCI member organisations from taking part. If the AKC teams win the competition, they are not eligible for the title of FCI Winner at these events.
8. AKC registered dogs are eligible for the title of FCI International Champion under specific conditions to be agreed upon by the AKC and FCI.
9. Except with the agreement of the AKC, the FCI will not register kennel names for breeders living in USA (with exception of Puerto Rico) and, except with the agreement of the FCI, the AKC will not register kennel names for breeders living in countries where the FCI has a member, which the AKC has accepted.
10. FCI agrees to send to the AKC headquarters all revised breed standards and AKC agrees to send to the FCI headquarters copies of its Complete Dog Book, which includes all AKC standards, each time that such publication is revised.
11. The terms of this letter of understanding is agreed to by the parties listed below. This agreement may be terminated by either party upon reasonable notification to the other party.

Agreed upon further to the meeting held in New York, July 16, 2008

**AMERICAN
KENNEL CLUB™**

Breed Judging

At FCI CACIB international shows, the AKC judges are eligible to judge and award the CACIB provided that the two following conditions are fulfilled:

1. the breeds they are scheduled to judge are recognised by the AKC (this does not include FSS and Miscellaneous classes).
2. the judges in question are allowed to judge, under AKC regulations, the breeds in question at AKC events and award them championship points. An AKC judge, residing in the United States, may not be approved as an FCI judge (breed, group, all breed) eligible to award CACIB.

At AKC events, the FCI judges are eligible to judge and award championship points provided that the following conditions are fulfilled:

1. the breeds they are scheduled to judge are recognised by the FCI and by the national kennel club, in their country of residence, which has jurisdiction over the judges in question
2. the judges are members of their national kennel club, in their country of residence, which is an FCI member or contract partner
3. the judges in question are allowed to judge, under FCI regulations, the breeds in question at FCI International CACIB shows and award them the CACIB

Group and BIS Judging

It is up to both, the AKC and the FCI members, to choose to invite or not a judge to judge a particular group (according to FCI or AKC breed nomenclature) at an AKC event or at an international FCI CACIB show taking into consideration the experience of the judge, his judging credentials and the breeds and their numbers in the groups to judge.

Letter of Understanding between the Fédération Cynologique Internationale and the Kennel Club

WHEREAS the Fédération Cynologique Internationale (FCI) and the Kennel Club (KC) share the common goals of promoting and protecting, in the case of the FCI, pedigree dogs and in the case of the Kennel Club, all dogs; and

WHEREAS the parties hereto have in the past cooperated to a certain extent in carrying out this object and have been acting pursuant to certain informal agreements made from time to time for that purpose; and

WHEREAS it is agreed that the relations between KC and FCI and its member registries should be explicitly written with a view towards future cooperation;

NOW, this letter of understanding encompasses the mutually agreed basis for the relationship between the parties as follows:

1. The KC, where it recognises the breed in question, will recognise the pedigree of any FCI registry that meets KC requirements and that wishes to have such recognition.
2. In so far as it is lawful, the KC will give exclusive recognition to the FCI registry in any country in which there are multiple registries provided that these registries meet KC requirements and the FCI will give exclusive recognition to the KC's registry in the United Kingdom. For the time being this will not include Malta and China.
3. The KC will not register any dog, or issue a pedigree to any dog, born in an FCI member country whose registry the KC recognises, until that dog has been registered in the FCI registry in that country. No dog born in the UK will be registered, or have a pedigree issued, by an FCI member registry unless the dog has been registered by the KC in the United Kingdom.
4. Each of the parties agree that when any information comes to its knowledge which might reasonably affect or be useful to the other party (KC or FCI judges suspension, amended standards, etc.), it will immediately communicate such information to the other party.
5. The FCI and the KC will endeavour to agree on the conditions to make their respective judges eligible to officiate at events sanctioned by them (FCI and KC).
6. The KC will not sponsor or support any event for dogs in the country of a current FCI member without the express permission of the FCI member. The FCI will not sponsor or support any event for dogs within the territory of the United Kingdom without the express permission of the KC. For the time being this will not include Malta and China.

7. While the KC is not an FCI member, the FCI has graciously agreed to permit the KC to participate in its World or Section Agility, Utility, Obedience, etc. Championship Event provided that this participation does not prevent representative teams of FCI member organisations from taking part. The KC teams may win the competition but are not eligible for the title of FCI Winner at these events.
8. The FCI agrees to send to the KC headquarters all revised breed standards and the KC agrees to send to the FCI headquarters copies of all revised breed standards. The FCI and KC will discuss health issues connected with breed standards on a regular basis.
9. FCI members are allowed to refer to the title of UK Champion by using the abbreviation "UK Ch + name of the dog".
10. Except with the agreement of the KC, the FCI will not register kennel names of breeders living in the UK and, except with the agreement of the FCI, the KC will not register kennel names of breeders living in countries where the FCI has a member, which the KC has accepted.
11. The terms of this letter of understanding are agreed to by the parties listed below. This agreement may be terminated by either party upon reasonable notification to the other party.

THE KENNEL CLUB

**AGREEMENT ON THE MUTUAL RECOGNITION OF DOG SHOW JUDGES
BETWEEN THE KENNEL CLUB AND THE
FEDERATION CYNOLOGIQUE INTERNATIONALE**

This agreement refers only to the mutual recognition of judges, hereinafter referred to as 'FCI Judges' who are resident in a FCI member country and are listed as designated 'International Judges' in the Judges Directory published by the Fédération Cynologique Internationale (FCI), to award Challenge Certificates and to judge Groups and Best in Show at Kennel Club licensed Championship Shows, and for UK resident judges to award Certificats d'Aptitude au Championnat International de Beauté (CACIBs) and to judge Groups and Best in Show at International FCI CACIB Shows held under the auspices of the Fédération Cynologique Internationale (FCI). Furthermore, all other recognised canine activities such as competitive obedience, agility, field trials, working trials etc. are specifically excluded.

¹ FCI Judges Directory, <http://www.fci-judge.org/FciJudge/>

1. This agreement will commence on the 1st day of May in 2017 and will be valid for a period of not more than 5 years, subject to the right of termination by one or other of the parties, no less than six months prior to the date of expiry.
2. Subject to six months' notice, this agreement may be amended at any time by mutual agreement of the parties concerned.
3. This agreement is predicated on the basis that the Kennel Club (KC) and Fédération Cynologique Internationale (FCI) have agreed to recognise and respect their respective schemes for the approval, education and training of dog show judges.

Approval to award Kennel Club Challenge Certificates

4. The Kennel Club will accept nominations for approval, in accordance with Kennel Club Rules and Regulations and appropriate Codes of Best Practice as published and amended from time to time, to award Challenge Certificates to a breed(s) for the first time, without requesting completion of a Kennel Club questionnaire, for FCI Judges resident in a FCI member country provided they are suitably experienced, having previously awarded CACIBs to the relevant breed(s) in countries other than their country of residence for a minimum period of 5 years prior to their first UK appointment for the breed(s).
5. All such nominations will continue to be subject to the approval of the Kennel Club's Board.

6. FCI Judges resident in a FCI member country who are approved to award Challenge Certificates to a breed for the first time on the basis of mutual recognition may be subject to evaluation when carrying out the appointment. Approval for subsequent appointments to award Challenge Certificates for the same breed will be subject both to the outcome of any evaluation and the proviso that the judge remains in good standing.

7. FCI Judges resident in a FCI member country who were previously approved to award Challenge Certificates at Kennel Club licensed Championship Shows prior to the signing of this agreement will continue to be considered for approval for subsequent appointments, subject to the proviso that they remain in good standing.

Approval to judge Groups and Best in Show at Kennel Club Licensed Championship Shows

8. FCI Judges resident in a FCI member country who were previously approved to judge Groups and Best in Show at Kennel Club licensed Championship Shows prior to the signing of this agreement will continue to be considered for subsequent appointments, subject to the proviso that they remain in good standing.

9. The criteria to be applied in the case of FCI Judges resident in a FCI member country who are nominated, subsequent to the signing of this agreement, to judge Groups and Best in Show for the first time at Kennel Club licensed Championship Shows will be the same as those applicable to UK resident judges.

10. All such nominations will continue to be subject to the approval of the Kennel Club's Board.

Approval to award Fédération Cynologique Internationale Certificat d'Aptitude au Championnat International de Beauté (CACIBs)

11. UK resident judges who remain in good standing and have previously awarded Challenge Certificates in the UK will be eligible to award CACIBs to the relevant breeds provided that they are suitably experienced.

Approval to judge Groups at International FCI CACIB Shows

12. UK resident judges who have previously been approved to award Challenge Certificates in 50% or more of the breeds that are allocated Challenge Certificates by the Kennel Club, in an FCI group, will be eligible to be approved to judge the relevant group at International FCI CACIB Shows, subject to the proviso that they remain in good standing.

13. UK resident judges who remain in good standing and were previously approved, prior to the signing of this agreement, to judge one or more Groups at International FCI CACIB Shows will continue to be recognised as approved to judge the relevant group(s).

Approval to judge Best in Show at International FCI CACIB Shows

14. UK resident judges who remain in good standing and have judged five or more FCI groups will be eligible to be approved to judge Best in Show at International FCI CACIB Shows.

15. UK resident judges who remain in good standing and were previously approved to judge Best in Show at International FCI CACIB Shows prior to the signing of this agreement will continue to be recognised by the FCI as approved to judge Best in Show.

Memorandum of Understanding between FCI and CKC

WHEREAS the Fédération Cynologique Internationale (FCI) and The Canadian Kennel Club (CKC) share the common goals of promoting and protecting purebred dogs;

WHEREAS the CKC and the FCI have, in the past, cooperated to a certain extent in carrying out these goals and have been acting pursuant to certain informal agreements made from time to time for that purpose;

WHEREAS it is recognized that both the FCI and the CKC are required to operate within the limits of the legislation governing their activities, including their respective constitution and by-laws;

NOW this letter of understanding expresses a mutually agreed to basis for the relationship between the CKC and the FCI as follows:

1. The CKC acknowledges the role of the FCI and its governing institutions as set out in the FCI Statutes as the primary world federation of dog registries.
2. The FCI acknowledges the CKC as the primary kennel club in Canada.
3. The CKC and the FCI agree that when any information comes to the knowledge of one party, which might reasonably affect or be useful to the other party (judges suspension, amended standards etc.), it will immediately communicate, in writing, such information to the other party.
4. The parties will meet at the request of either of them, within a reasonable timeframe and on basis of a consistent mutually agreed agenda which will include matters of common interest.

5. The FCI agrees to send to the CKC head office a copy of all breed standards with revisions as they occur and CKC agrees to send to the FCI headquarters all CKC breed standards with revision as they occur. The FCI and CKC will also share information concerning the decisions of their respective governing bodies such as the exchange of official publications.
6. The CKC will periodically provide the FCI with a list of the registries from the FCI member countries with which the CKC has reached an agreement providing for the mutual recognition of studbooks and pedigrees. The CKC will get in touch with all the FCI members and contract partners and inform them about the procedure to follow to gain CKC recognition. The FCI will notify the CKC of the accession of any country to FCI membership.
7. The details of a mutual recognition of FCI and CKC judges are written on a document which is part of this contract.
8. The FCI will not sponsor or sanction any event within Canada without the express permission of the CKC.
9. The CKC will not sponsor or sanction any event in an FCI member country without the express permission of the FCI and the agreement of the member country.
10. While not an FCI member, FCI graciously agrees to permit CKC to participate in its World or Section Agility, Utility, and Obedience Championship Events and any forthcoming canine performance event that may be mutually recognized by both organizations.
11. As long as no agreement is reached with regard to the working breeds (according to the FCI nomenclature) between the FCI and CKC, these breeds (CKC-registered dogs) are not eligible for the title of "International Beauty Champion". The non-working breeds (CKC-registered dogs) are eligible for this title provided that they comply with the FCI International Championship Regulations, i.e. 4 CACIB in 3 countries under 3 different FCI judges.
12. The CKC registered dogs are eligible for the other FCI international titles provided that they meet with the FCI requirements.
13. The FCI international directory of kennel names (affixes) is not open to CKC breeders and the FCI cannot guarantee that a CKC kennel name (affix) will not be similar to an FCI registered kennel name (affix) and conversely.

14. Both parties agree that the present Letter of Understanding shall not be interpreted or applied so as to require either party to act in a manner not authorized by or contrary to applicable legislation, including each party's constitution, rules or by-laws.
15. The terms of this Letter of Understanding are agreed to by both parties. This agreement may be terminated by either party upon giving the other party 60 days notice in writing.

CKC Judges eligibility to officiate at FCI International Events

From April 1st, 2009, the following dispositions will apply:

- a) CKC judges are allowed to judge in the FCI member countries all-breed, group and specialty national shows, the breeds they are approved to judge in Canada.
- b) CKC judges who have already judged international FCI CACIB shows before December 31st, 2007, are allowed to award CACIB at international FCI CACIB shows, FCI World and Sections shows, to the breeds they are approved to judge in Canada.
- c) Once a CKC judge has judged four (4) national shows in four (4) different FCI member countries by the FCI breed standards, he/she is allowed to award CACIB to the breeds he/she is approved to judge in Canada.

It will be the responsibility of the FCI Office and of the judges concerned to keep track of assignments undertaken in an FCI member country. Taking into account the legal restrictions on the exercise of extra-territorial jurisdiction by the CKC, it will be the responsibility of the CKC to communicate them to their judges and the practical implementation and enforcement of the agreed above principles will be under the responsibility of the FCI Office, of the FCI members and the judges concerned.
